FORWARD-LOOKING STATEMENTS

Certain matters contained in this report are “forward-looking statements” within the meaning of the federal securities laws and are subject to uncertainties and risks, as itemized in Item 1A included in the Annual Report on Form 10-K for the year ended December 31, 2018, in the Quarterly Report on Form 10-Q for the period ended March 31, 2019, and as itemized herein. These forward-looking statements include information about possible or assumed future results of the business and our financial condition, liquidity, results of operations, plans, and objectives. They also include, among other things, statements regarding subjects that are forward-looking by their nature, such as:

- 2019 guidance and underlying assumptions;
- business and financial strategy;
- future debt financings;
- future acquisitions and dispositions of operating assets;
- future acquisitions and dispositions of land, including ground leases;
- future development and redevelopment opportunities, including fee development opportunities;
- future issuances and repurchases of common stock;
- future distributions;
- projected capital expenditures;
- market and industry trends;
- entry into new markets;
- future changes in interest rates;
- the benefits of the merger with TIER REIT, Inc. (“TIER”), including all future financial and operating results, plans, objectives, expectations, and intentions;
- benefits of the transactions with TIER to tenants, employees, stockholders, and other constituents of the combined company;
- integrating TIER with us; and
- all statements that address operating performance, events, or developments that we expect or anticipate will occur in the future — including statements relating to creating value for stockholders.

Any forward-looking statements are based upon management's beliefs, assumptions, and expectations of our future performance, taking into account information that is currently available. These beliefs, assumptions, and expectations may change as a result of possible events or factors, not all of which are known. If a change occurs, our business, financial condition, liquidity, and results of operations may vary materially from those expressed in forward-looking statements. Actual results may vary from forward-looking statements due to, but not limited to, the following:

- the availability and terms of capital;
- the ability to refinance or repay indebtedness as it matures;
- the failure of purchase, sale, or other contracts to ultimately close;
- the failure to achieve anticipated benefits from acquisitions, investments, or dispositions;
- the potential dilutive effect of common stock or operating partnership unit issuances;
- the availability of buyers and pricing with respect to the disposition of assets;
- changes in national and local economic conditions, the real estate industry, and the commercial real estate markets in which we operate (including supply and demand changes), particularly in Atlanta, Charlotte, Austin, Phoenix, Tampa, and Dallas where we have high concentrations of our lease revenue;
- changes to our strategy with regard to land and other non-core holdings that require impairment losses to be recognized;
- leasing risks, including the ability to obtain new tenants or renew expiring tenants, the ability to lease newly developed and/or recently acquired space, the failure of a tenant to occupy leased space, and the risk of declining leasing rates;
- changes in the needs of our tenants brought about by the desire for co-working arrangements, trends toward utilizing less office space per employee, and the effect of telecommuting;
- any adverse change in the financial condition of one or more of our major tenants;
- volatility in interest rates and insurance rates;
- competition from other developers or investors;
- the risks associated with real estate developments (such as zoning approval, receipt of required permits, construction delays, cost overruns, and leasing risk);
- cyber security breaches;
- changes in senior management and the loss of key personnel;
- the potential liability for uninsured losses, condemnation, or environmental issues;
- the potential liability for a failure to meet regulatory requirements;
- the financial condition and liquidity of, or disputes with, joint venture partners;
- any failure to comply with debt covenants under credit agreements;

- any failure to continue to qualify for taxation as a real estate investment trust and meet regulatory requirements;
- potential changes to state, local, or federal regulations applicable to our business;
- material changes in the rates or the ability to pay dividends on common shares or other securities;
- potential changes to the tax laws impacting REITs and real estate in general;
- the ability to successfully integrate our operations and employees in connection with the merger with TIER;
- the ability to realize anticipated benefits and synergies of the merger with TIER;
- the amount of the costs, fees, expenses, and charges related to the merger with TIER; and
- those additional risks and factors discussed in reports filed with the Securities and Exchange Commission (“SEC”) by the Company and TIER, and those additional risks and factors discussed in reports filed with the SEC by the Company.

The words “believes,” “expects,” “anticipates,” “estimates,” “plans,” “may,” “intend,” “will,” or similar expressions are intended to identify forward-looking statements. Although we believe that our plans, intentions, and expectations reflected in any forward-looking statements are reasonable, we can give no assurance that such plans, intentions, or expectations will be achieved. We undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of future events, new information, or otherwise, except as required under U.S. federal securities laws.

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Description of Business

Cousins Properties Incorporated ("Cousins"), a Georgia corporation, is a publicly traded (NYSE: CUZ), self-administered, and self-managed real estate investment trust ("REIT"). Cousins conducts substantially all of its operations through Cousins Properties LP ("CPLP"). Cousins owns approximately 99% of CPLP and consolidates CPLP. Cousins TRS Services LLC ("CTRS"), which is wholly owned by CPLP, is a taxable entity which owns and manages its own real estate portfolio and performs certain real estate related services for other parties. Cousins, CPLP, CTRS, and their subsidiaries are hereinafter referred to collectively as "the Company."

The Company develops, acquires, leases, manages, and owns Class A office and mixed-use properties in Sun Belt markets with a focus on Georgia, Texas, North Carolina, Arizona, and Florida. Cousins has elected to be taxed as a REIT and intends to, among other things, distribute 100% of its net taxable income to stockholders, thereby eliminating any liability for federal income taxes under current law. Therefore, the results included herein do not include a federal income tax provision for Cousins.

Basis of Presentation

The condensed consolidated financial statements are unaudited and were prepared by the Company in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). The results of operations for the three and six months ended June 30, 2019 are not necessarily indicative of results expected for the full year. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to the rules and regulations of the SEC. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2018. The accounting policies employed are substantially the same as those shown in note 2 to the consolidated financial statements included therein.

For the three and six months ended June 30, 2019 and 2018, there were no items of other comprehensive income. Therefore, no presentation of comprehensive income is required. Additionally, certain subtotals within the condensed consolidated statements of operations for the three and six months ended June 30, 2018 were removed to conform to the current period presentation.

On June 14, 2019, the Company restated and amended its articles of incorporation to effect a reverse stock split of the issued and outstanding shares of its common and preferred stock pursuant to which (1) each four shares of the Company's issued and outstanding common stock were combined into one share of the Company's common or preferred stock, respectively, and (2) the authorized number of the Company's common stock was proportionally reduced to 175 million shares. Fractional shares of common stock resulting from the reverse stock split were settled in cash. Fractional shares of preferred stock resulting from the reverse stock split were redeemed without payout. Immediately thereafter, the Company further amended its articles of incorporation to increase the number of authorized shares of its common stock from 175 million to 300 million shares. All shares of common stock, stock options, restricted stock units, and per share information presented in the consolidated financial statements have been adjusted to reflect the reverse stock split on a retroactive basis for all periods presented.

The Company reclassified lease termination fees from other revenues to rental property revenues on the consolidated statements of operations as a result of the adoption of Accounting Standards Update ("ASU") 2016-02, "Leases," ("ASC 842"). The prior period amounts were reclassified to conform to the current period presentation.

The Company evaluates all partnerships, joint ventures, and other arrangements with variable interests to determine if the entity or arrangement qualifies as a variable interest entity ("VIE"), as defined in the Financial Accounting Standard Board's ("FASB") Accounting Standards Codification ("ASC"). If the entity or arrangement qualifies as a VIE and the Company is determined to be the primary beneficiary, the Company is required to consolidate the assets, liabilities, and results of operations of the VIE.

In the first quarter of 2019, the Company transferred the right to acquire a building to a special purpose entity to facilitate a potential Section 1031 exchange under the Internal Revenue Code of 1986, as amended, and the special purpose entity acquired the building. To realize the tax deferral available under Section 1031, the Company must complete the exchange and relinquish title to the to-be-exchanged building within 180 days of the purchase date. The Company has determined that this special purpose entity is a VIE, and the Company

is the primary beneficiary. Therefore, the Company consolidates this entity. As of June 30, 2019, this VIE had total assets of \$92.3 million, no significant liabilities, and no significant cash flows.

Recently Issued Accounting Standards

On January 1, 2019, the Company adopted ASC 842, which amended the previous standard for lease accounting by requiring lessees to record most leases on their balance sheets and making targeted changes to lessor accounting and reporting. The new standard requires lessees to record a right-of-use asset and a lease liability for leases and classify such leases as either finance or operating leases based on the principle of whether the lease is effectively a financed purchase of the leased asset by the lessee. The classification of the leases determines whether the lease expense is recognized based on an effective interest method (finance leases) or on a straight-line basis over the term of the lease (operating leases). The new standard also revised the treatment of indirect leasing costs and permits the capitalization and amortization of direct leasing costs only. For the three and six months ended June 30, 2018, the Company capitalized \$796,000 and \$2.0 million of indirect leasing costs, respectively.

The Company adopted the following optional practical expedients provided in ASC 842:

- no reassessment of any expired or existing contracts to determine if they contain a lease;
- no requirement to write-off any unamortized, previously capitalized, initial direct costs for existing leases;
- no recognition of right-of-use assets for leases with at term of one year or less;
- no requirement to separately classify and disclose non-lease components of revenue in lease contracts from the related lease components provided certain conditions are met; and,
- no requirement to reassess the classification of existing leases as finance leases versus operating leases.

For those leases where the Company is lessee, specifically ground leases, the adoption of ASC 842 required the Company to record a right-of-use asset and a lease liability on the consolidated balance sheet. The Company recorded right-of-use assets and lease liabilities in the amount of \$56.3 million upon the adoption of ASC 842. In calculating the right of use asset and lease liability the Company used a weighted average discount rate of 4.49%, which represented the Company's incremental borrowing rate related to the ground lease assets as of January 1, 2019. Ground leases executed before the adoption of ASC 842 are accounted for as operating leases and did not result in a materially different ground lease expense. However, most ground leases executed after the adoption of ASC 842 are expected to be accounted for as finance leases, which will result in ground lease expense being recorded using the effective interest method instead of the straight-line method over the term of the lease, resulting in higher ground lease expense in the earlier years of a ground lease when compared to the straight line method. The Company used the "modified retrospective" method upon adoption of ASC 842, which permitted application of the new standard on the adoption date as opposed to the earliest comparative period presented in its financial statements. For additional disclosures, see note 4 "Leases."

On January 1, 2018, the Company adopted, ASU 2017-05, "Other Income - Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20): Clarifying the Scope of Asset Derecognition Guidance and Accounting for Partial Sales of Nonfinancial Assets" ("ASU 2017-05"). As a result of the adoption of ASU 2017-05, the Company recorded a cumulative effect from change in accounting principle, which credited distributions in excess of cumulative net income by \$22.3 million. This cumulative effect adjustment resulted from the 2013 transfer of a wholly-owned property to an entity in which it had a noncontrolling interest.

2. MERGER WITH TIER REIT, INC.

On June 14, 2019, pursuant to the Agreement and Plan of Merger dated March 25, 2019 (the "Merger Agreement"), by and among the Company and TIER REIT, Inc. ("TIER"), TIER merged with and into a subsidiary of the Company (the "Merger") with this subsidiary continuing as the surviving corporation of the Merger. In accordance with the terms and conditions of the Merger Agreement, each share of TIER common stock issued and outstanding immediately prior to the Merger, was converted into 2.98 newly issued shares of the Company's common stock with fractional shares being settled in cash. In the Merger, former TIER common stockholders received approximately 166 million shares of common stock of the Company. As discussed in note 1 to the consolidated financial statements, immediately following the Merger, the Company completed a 1-for-4 reverse stock split.

The Merger has been accounted for as a business combination with the Company as the accounting acquirer, which requires, among other things, that the assets acquired and liabilities assumed be recognized at their acquisition date fair value. The total value of the transaction is based on the closing stock price of the Company's common stock on June 13, 2019, the day immediately prior to the closing of the Merger. Based on the shares issued in the transaction, the total fair value of the assets acquired and liabilities assumed in the Merger was \$1.6 billion. During the three and six months ended June 30, 2019, the Company incurred \$49.8 million in expenses related to the Merger.

Management engaged a third party valuation specialist to assist with valuing the real estate assets acquired and liabilities assumed in the Merger. The third party used cash flow analyses as well as an income approach and a cost approach to determine the fair value of

real estate asset acquired. Based on additional information that may become available, subsequent adjustments may be made to the purchase price allocation within the allocation period, which typically does not exceed one year.

The purchase price was allocated as follows (in thousands):

Real estate assets	\$	2,186,143

The Merger accounted for \$9.7 million of rental property revenue as reported in the condensed consolidated statements of operations for the six months ended June 30, 2019. The following unaudited supplemental pro forma information is based upon the Company's historical consolidated statements of operations, adjusted as if the Merger had occurred on January 1, 2018. The supplemental pro forma information is not necessarily indicative of future results, or of actual results, that would have been achieved had the Merger been consummated at the beginning of the period.

3. TRANSACTIONS WITH NORFOLK SOUTHERN RAILWAY COMPANY

On March 1, 2019, the Company entered into a series of agreements and executed related transactions with Norfolk Southern Railway Company ("NS") as follows:

- Sold land to NS for \$52.5 million.
- Executed a Development Agreement with NS whereby the Company will receive fees totaling \$5 million in consideration for development services for NS's corporate headquarters that is being constructed on the land sold to NS.
- Executed a Consulting Agreement with NS whereby the Company will receive fees totaling \$32 million in consideration for consulting services for NS's corporate headquarters. The Development Agreement and Consulting Agreement are collectively referred to below as the "Fee Agreements."
- Purchased a building from NS ("1200 Peachtree") for \$82 million subject to a three-year market rate lease with NS that covers the entire building.

The Company sold the land to NS for \$5.0 million above its carrying amount, which included \$37.0 million of land purchased in 2018, \$6.5 million of land purchased in 2019, and \$4.0 million of site preparation work. The Company purchased 1200 Peachtree from NS for an amount it determined to be \$10.3 million below the building's fair value.

In accordance with ASC 606, the Company determined that all contracts and transactions associated with NS, with the exception of the aforementioned lease which will be accounted for in accordance with ASC 842, should be combined for accounting purposes given the fact that they were all executed simultaneously for the single commercial purpose of delivering and constructing a corporate headquarters for NS, and the contracts are interdependent and would not have been entered into separately. Further, the Company concluded that the Fee Agreements have a single performance obligation to provide services to NS for a new corporate headquarters as the services being provided to NS are highly interdependent. The transaction price for the Fee Agreements was determined to be comprised of both cash and non-cash consideration associated with this arrangement. The cash consideration represents the amounts to be received under the Fee Agreements as well as the excess of the sales price of the land over the fair value of the land. The non-cash consideration represents the \$10.3 million excess of the fair value of 1200 Peachtree over the amount the Company paid. The gross transaction price for the Fee Agreements was \$52.3 million.

In accordance with ASC 606, the Company determined that control of the services to be provided under the Fee Agreements is being transferred over time and, thus, the Company must recognize the transaction price in revenue as it satisfies the performance obligation. The Company determined that the inputs method of measuring progress of satisfying the performance obligation was the most appropriate method of recognizing revenue for the Fee Agreements. Therefore, the Company began recognizing revenue in the quarter ended March 31, 2019, and will recognize future revenue under the Fee Agreements based upon the time spent by the Company's employees in providing these services as compared to the total estimated time required to satisfy the performance obligation. During the three and six months ended June 30, 2019, the Company recognized \$5.0 million and \$11.6 million, respectively, in fee income in its statements of operations related to the Fee Agreements.

The following table summarizes the allocations of the estimated fair value of the assets and liabilities of the 1200 Peachtree discussed above (in thousands):

Land and improvements	\$ 19,495
Building	62,836

4. LEASES

At June 30, 2019, the Company had five properties subject to operating ground leases with a weighted average remaining term of 72 years and two finance ground leases with a weighted average remaining term of five years. At June 30, 2019, the Company had right-of-use assets of \$69.8 million included in operating properties, projects under development, or land on the condensed consolidated balance sheets and a lease liability of \$70.2 million included in other liabilities on the condensed consolidated balance sheets. The weighted average discount rate on these ground leases at June 30, 2019 was 4.60%.

Rental payments on these ground leases are adjusted periodically based on either the Consumer Price Index, changes in developed square feet on the underlying leased asset, or on a pre-determined schedule. The monthly payments on a pre-determined schedule are recognized on a straight-line basis over the terms of the respective leases while payments resulting from changes in the Consumer Price Index or future development are not estimated as part of our measurement of straight-line rental expense.

For the three and six months ended June 30, 2019, the Company recognized operating ground lease expense of \$845,000 and \$1.7 million, respectively, of which no amounts represented variable lease expenses, and recognized interest expense related to finance ground leases of \$115,000 and \$231,000, respectively. For the three and six months ended June 30, 2019, the Company paid \$567,000 and \$960,000, respectively, in cash related to operating ground leases and made no cash payments related to financing ground leases. At June 30, 2019 and December 31, 2018, respectively, the future minimum payments to be made by consolidated entities for ground leases are as follows (in thousands):

Other Debt Information

In the Merger, the Company assumed a mortgage loan with a principal balance of \$66.0 million and a fixed annual interest rate of 4.24% that is due in 2023. The Company recorded the mortgage loan at fair value of \$68.5 million.

At June 30, 2019 and December 31, 2018, the estimated fair value of the Company's notes payable were \$1.9 billion and \$1.1 billion, respectively, calculated by discounting the debt's remaining contractual cash flows at estimated rates at which similar loans could have been obtained at June 30, 2019 and December 31, 2018. The estimate of the current market rate, which is the most significant input in the discounted cash flow calculation, is intended to replicate debt of similar maturity and loan-to-value relationship. These fair value calculations are considered to be Level 2 under the guidelines as set forth in ASC 820 as the Company utilizes market rates for similar type loans from third party brokers.

For the three and six months ended June 30, 2019 and 2018, interest was recorded as follows (in thousands):

9. COMMITMENTS AND CONTINGENCIES

Commitments

At June 30, 2019, the Company had outstanding performance bonds totaling \$590,000. As a lessor, the Company had \$245.7 million in future obligations under leases to fund tenant improvements and other future construction obligations at June 30, 2019. As a lessee, the Company had future obligations for operating leases other than ground leases of \$403,000 at June 30, 2019.

Litigation

The Company is subject to various legal proceedings, claims, and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance. Management makes assumptions and estimates concerning the likelihood and amount of any potential loss relating to these matters using the latest information available. The Company records a liability for litigation if an unfavorable outcome is probable and the amount of loss or range of loss can be reasonably estimated. If an unfavorable outcome is probable and a reasonable estimate of the loss is a range, the Company accrues the best estimate within the range. If no amount within the range is a better estimate than any other amount, the Company accrues the minimum amount within the range. If an unfavorable outcome is probable but the amount of the loss cannot be reasonably estimated, the Company discloses the nature of the litigation and indicates that an estimate of the loss or range of loss cannot be made. If an unfavorable outcome is reasonably possible and the estimated loss is material, the Company discloses the nature and estimate of the possible loss of the litigation. The Company does not disclose information with respect to litigation where an unfavorable outcome is considered to be remote or where the estimated loss would not be material. Based on current expectations, such matters, both individually and in the aggregate, are not expected to have a material adverse effect on the liquidity, results of operations, business, or financial condition of the Company.

10. STOCK-BASED COMPENSATION

The Company has several types of stock-based compensation - stock options, restricted stock, and restricted stock units ("RSUs") - which are described in note 13 of the notes to consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2018. The expense related to a portion of the stock-based compensation awards is fixed. The expense related to other stock-based compensation awards fluctuates from period to period dependent, in part, on the Company's stock price and stock performance relative to its peers. The Company recorded stock-based compensation expense, net of forfeitures, of \$1.1 million and \$3.4 million for the three months ended June 30, 2019 and 2018, respectively, and \$6.6 million and \$6.0 million for the six months ended June 30, 2019 and 2018, respectively.

On April 23, 2019, the Company's stockholders approved the Cousins Properties Incorporated 2019 Omnibus Incentive Stock Plan (the "2019 Plan"). The Company also maintains the Cousins Properties Incorporated 2009 Incentive Stock Plan (the "2009 Plan") and the Cousins Properties Incorporated 2005 Restricted Stock Unit Plan (the "RSU Plan") although no further issuances are permitted under the 2009 plan or RSU Plan after April 23, 2019. Under the 2009 Plan, during the quarter ended March 31, 2019, the Company made restricted stock grants of 65,822 shares to key employees, which vest ratably over a three-year period. Under the RSU Plan, during the quarter ended March 31, 2019, the Company awarded two types of performance-based RSUs to key employees based on the following metrics: (1) Total Stockholder Return of the Company, as defined in the RSU Plan, as compared to the companies in the SNL US REIT Office index ("TSR RSUs"), and (2) the ratio of cumulative funds from operations per share to targeted cumulative funds from operations per share ("FFO RSUs"), as defined in the RSU Plan. The performance period for both awards is January 1, 2019 to December 31, 2021, and the targeted units awarded of TSR RSUs and FFO RSUs was 65,247 and 27,963, respectively. The ultimate payout of these awards can range from 0% to 200% of the targeted number of units depending on the achievement of the market and performance metrics described above. These RSU awards cliff vest on December 31, 2021 and are to be settled in cash with payment dependent on attainment of required service, market, and performance criteria. The number of RSUs vesting will be determined by the Compensation Committee, and the payout per unit will be equal to the average closing price on each trading day during the 30-day period ending on December 31, 2021. The Company expenses an estimate of the fair value of the TSR RSUs over the performance period using a quarterly Monte Carlo valuation. The FFO RSUs are expensed over the vesting period using the fair market value of the Company's stock at the reporting date multiplied by the anticipated number of units to be paid based on the current estimate of what the ratio is expected to be upon vesting. Dividend equivalents on the TSR RSUs and the FFO RSUs will also be paid based upon the percentage vested. The Company expects to make all future grants of restricted stock and restricted stock units under the 2019 Plan.

Under the 2019 Plan, during the quarter ended June 30, 2019, the Company issued 37,166 shares of common stock to members of its board of directors in lieu of fees and recorded \$1.4 million in general and administrative expense related to these issuances.

11. REVENUE

The Company categorizes its primary sources of revenue into revenue from contracts with customers and other revenue accounted for as leases under ASC 842 as follows:

- Rental property revenue consists of (1) contractual revenues from leases recognized on a straight-line basis over the term of the respective lease; (2) percentage rents recognized once a specified sales target is achieved; (3) parking revenue; (4) termination fees; and (5) the reimbursement of the tenants' share of real estate taxes, insurance, and other operating expenses. The Company's leases typically include renewal options and are classified and accounted for as operating leases. Rental property revenue is accounted for in accordance with the guidance set forth in ASC 842.
- Fee income consists of development fees, management fees, and leasing fees earned from unconsolidated joint ventures and from third parties. Fee income is accounted for in accordance with the guidance set forth in ASC 606.

For the three and six months ended June 30, 2019, the Company recognized rental property revenue of \$134.9 million and \$258.8 million, respectively, of which \$35.8 million and \$68.9 million, respectively, represented variable rental revenue. For the three and six months ended June 30, 2018, the Company recognized rental property revenue of \$114.3 million and \$228.0 million, respectively. For the three and six months ended June 30, 2019, the Company recognized fee and other revenue of \$7.1 million and \$16.0 million, respectively. For the three and six months ended June 30, 2018, the Company recognized fee and other revenue of \$2.3 million and

\$5.8 million, respectively. The following tables set forth the future minimum rents to be received by consolidated entities under existing non-cancellable leases as of June 30, 2019 and December 31, 2018, respectively (in thousands):

15. REPORTABLE SEGMENTS

The Company's segments are based on its method of internal reporting, which classifies operations by property type and geographical area. The segments by property type are: Office and Mixed-Use. The segments by geographical region are: Atlanta, Austin, Charlotte, Dallas, Phoenix, Tampa, and Other. These reportable segments represent an aggregation of operating segments reported to the Chief Operating Decision Maker based on similar economic characteristics that include the type of property and the geographical location. Each segment includes both consolidated operations and the Company's share of unconsolidated joint venture operations.

Company management evaluates the performance of its reportable segments in part based on net operating income ("NOI"). NOI represents rental property revenues, less termination fees, less rental property operating expenses. NOI is not a measure of cash flows or operating results as measured by GAAP, is not indicative of cash available to fund cash needs, and should not be considered an alternative to cash flows as a measure of liquidity. All companies may not calculate NOI in the same manner. The Company considers NOI to be an appropriate supplemental measure to net income as it helps both management and investors understand the core operations of the Company's operating assets. NOI excludes corporate general and administrative expenses, interest expense, depreciation and amortization, impairments, gains/loss on sales of real estate, and other non-operating items.

Segment net income, amount of capital expenditures, and total assets are not presented in the following tables because management does not utilize these measures when analyzing its segments or when making resource allocation decisions. Information on the Company's segments along with a reconciliation of NOI to net income for the three and six months ended June 30, 2019 and 2018 are as follows (in thousands):

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview:

Cousins Properties Incorporated ("Cousins") (and collectively, with its subsidiaries, the "Company," "we," "our," or "us") is a publicly traded (NYSE: CUZ), self-administered, and self-managed real estate investment trust, or REIT. Cousins conducts substantially all of its business through Cousins Properties, LP ("CPLP"). Cousins owns approximately 99% of CPLP and consolidates CPLP. CPLP owns Cousins TSR Services LLC, a taxable entity which owns and manages its own real estate portfolio and performs certain real estate related services for other parties. Our strategy is to create value for our stockholders through ownership of the premier urban office portfolio in the Sun Belt markets, with a particular focus on Georgia, Texas, North Carolina, Arizona, and Florida. This strategy is based on a disciplined approach to capital allocation that includes strategic acquisitions, selective development projects, and timely dispositions of non-core assets. This strategy is also based on a simple, flexible, and low-leveraged balance sheet that allows us to pursue investment opportunities at the most advantageous points in the cycle. To implement this strategy, we leverage our strong local operating platforms within each of our major markets.

Consistent with this strategy, on June 14, 2019, we merged with TIER REIT, Inc. ("TIER") in a stock-for-stock transaction (the "Merger"). As a result, we acquired interests in nine operating properties containing 5.8 million square feet of space, two office properties under development that are expected to add 620,000 square feet of space upon completion, and seven strategically located land parcels on which we anticipate up to 2 million square feet of additional space may be developed. As a part of this transaction, we issued \$650 million in senior unsecured debt at a weighted average interest rate of 3.88%, which effectively repaid the majority of the TIER debt assumed and repaid by the Credit Facility in the merger. We believe that this merger creates a company with an attractive portfolio of trophy office assets balanced across the premier Sun Belt markets. We believe that the merger will enhance our position in our existing markets of Austin and Charlotte, provide a strategic entry into Dallas, and balance our exposure in Atlanta. The Merger is also expected to enhance growth and to provide value-add opportunities as a result of TIER's active and attractive development portfolio and land bank. Immediately after the Merger and as of quarter-end, our portfolio of real estate assets consisted of interests in 38 operating properties (37 office and one mixed use), containing 21.8 million square feet of space, and five projects (four office and one mixed-use) under active development.

During the quarter, we leased or renewed 1.1 million square feet of office space, including a 561,000 square foot lease for the proposed combined corporate headquarters of BB&T Corporation and SunTrust Banks, Inc. at Hearst Tower in Charlotte that contains an option to purchase Hearst Tower for \$455.5 million. The weighted average net effective rent of these leases, representing base rent less operating expense reimbursements and leasing costs, was \$21.79 per square foot. For those leases that were previously occupied within the past year, net effective rent increased 21.5%. Same property net operating income (defined below) for consolidated properties and our share of unconsolidated properties increased by 4.5% between the three months ended June 30, 2019 and 2018.

On June 14, 2019, we restated and amended our articles of incorporation to effect a reverse stock split of the issued and outstanding shares of its common stock pursuant to which, (1) each four shares of our issued and outstanding common stock were combined into one share of the our common stock and (2) the authorized number of our common stock was proportionally reduced to 175 million shares. Fractional shares of common stock resulting from the reverse stock split were settled in cash. Fractional shares of preferred stock resulting from the reverse stock split were redeemed without payout. Immediately thereafter, we further amended our articles of incorporation to increase the number of authorized shares of our common stock from 175 million to 300 million shares.

Subsequent to quarter end, we entered into an agreement to purchase our partner's interest in Terminus Office Holdings LLC ("TOH") in a transaction that valued Terminus 100 and 200 at \$503 million. The acquisition of our partner's interest in TOH is expected to close in the fourth quarter of 2019, and we will consolidate TOH and will record Terminus 100, Terminus 200, and the related notes payable at fair value. We expect to recognize a gain on this acquisition achieved in stages.

Results of Operations

General

Our financial results have been significantly affected by the Merger. In addition, our results have been affected by a series of transactions we entered into on March 1, 2019 with Norfolk Southern Railway Company ("NS") whereby we executed an agreement to develop NS's corporate headquarters in Midtown Atlanta and purchased 1200 Peachtree, a 370,000 square foot office building in Midtown Atlanta, from NS that is 100% leased by NS. Accordingly, our historical financial statements may not be indicative of future operating results.

Net Operating Income

The following table summarizes rental property revenues, rental property operating expenses, and net operating income ("NOI") for each of the periods presented, including our same property portfolio. NOI represents rental property revenue (excluding lease termination fees) less rental property operating expenses. Our same property portfolio is comprised of office properties that have been

fully operational in each of the comparable reporting periods. A fully operational property is one that has achieved 90% economic occupancy or has been substantially completed and owned by us for each of the periods presented. This information is presented for consolidated properties only and does not include net operating income from our unconsolidated joint ventures.

Same property rental property revenues increased in the three and six month periods as a result of higher occupancy at Northpark, Corporate Center, and Hayden Ferry and an increase in parking revenues across the same property portfolio. Same property rental property operating expenses increased in the three and six month periods primarily as a result of an increase in real estate taxes due to higher assessments of value in the Atlanta and Charlotte markets.

Revenues and expenses for Legacy TIER properties represent amounts recorded for the properties acquired in the Merger from the date of the Merger to June 30, 2019.

Revenues and expenses of Other Non-Same Properties increased in the three and six month periods primarily as a result the operations of 1200 Peachtree, which was acquired in the first quarter of 2019, and Spring & 8th, whose final phase commenced operations in the fourth quarter of 2018.

Fee Income

Fee income increased \$5.3 million (294%) between the 2019 and 2018 three month periods and increased \$11.1 million (237%) between the 2019 and 2018 six month periods. The increase is primarily driven by development fee income related to the transactions with NS.

General and Administrative Expenses

General and administrative expenses increased \$5.0 million (33%) between the 2019 and 2018 six month periods. This increase is primarily driven by long-term compensation expense increases as a result of fluctuations in our common stock price relative to our office peers included in the SNL US Office REIT Index.

Interest Expense

Interest expense, net of amounts capitalized, increased \$2.3 million (24%) between the 2019 and 2018 three month periods and increased \$3.4 million (17%) between the 2019 and 2018 six month periods. The increase in both the three and six month periods is due to interest incurred on the unsecured senior notes that were issued on June 19, 2019, interest incurred on a mortgage loan assumed in the Merger, an increase in the average outstanding balance on our credit facility, and an increase in LIBOR resulting in higher interest expense on the term loan and line of credit.

Depreciation and Amortization

Same property depreciation and amortization decreased due primarily to the acceleration of amortization of tenant improvements and in-place leases on tenants who terminated their leases early in 2018. Depreciation and amortization for Legacy TIER properties represent amounts recorded on the properties acquired in the Merger from the date of the Merger to June 30, 2019. Depreciation and amortization of Other Non-Same Properties increased in the three and six month periods primarily as a result of depreciation and amortization of 1200 Peachtree, which was acquired in the first quarter of 2019, and Spring & 8th, whose final phase commenced operations in the fourth quarter of 2018.

Acquisition Costs

Acquisition costs for the three and six months ended June 30, 2019 relate primarily to the Merger. These costs include financial advisory, legal, accounting, severance, and other costs of combining the operations of TIER with the Company.

Income from Unconsolidated Joint Ventures

Income from unconsolidated joint ventures consisted of the Company's share of the following (in thousands):

	Three Months Ended June 30,				Six Months Ended June 30,

Net operating income and depreciation and amortization from unconsolidated joint ventures increased between the three and six month periods primarily due to the commencement of operations in the first quarter of 2019 of Dimensional Place, the office building owned by the DC Charlotte Plaza LLLP joint venture. Other income from unconsolidated joint ventures decreased between the three and six month periods primarily due to the 2018 sale of a parcel of land held by the Wildwood Associates joint venture.

Gain on Sale of Investment Properties

The gain on sale of investment properties for the three months ended June 30, 2019 results primarily from the condemnation of land by the City of Tempe at two of the Company's properties. Gain on sale of investment properties for the six months ended June 30, 2019 includes the sale of the Company's air rights that cover approximately eight acres within an area of Downtown Atlanta.

Funds From Operations

The table below shows Funds from Operations ("FFO") and the related reconciliation to net income available to common stockholders. We calculate FFO in accordance with the National Association of Real Estate Investment Trusts' ("NAREIT") definition, which is net income available to common stockholders (computed in accordance with GAAP), excluding extraordinary items, cumulative effect of change in accounting principle, and gains on sale or impairment losses on depreciable property, plus depreciation and amortization of real estate assets, and after adjustments for unconsolidated partnerships and joint ventures to reflect FFO on the same basis.

FFO is used by industry analysts and investors as a supplemental measure of a REIT's operating performance. Historical cost accounting for real estate assets implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, many industry investors and analysts have considered presentation of operating results for real estate companies that use historical cost accounting to be insufficient by themselves. Thus, NAREIT created FFO as a supplemental measure of REIT operating performance that excludes historical cost depreciation, among other items, from GAAP net income. The use of FFO, combined with the required primary GAAP presentations, has been fundamentally beneficial, improving

the understanding of operating results of REITs among the investing public and making comparisons of REIT operating results more meaningful. Company management evaluates operating performance in part based on FFO. Additionally, we use FFO, along with other measures, to assess performance in connection with evaluating and granting incentive compensation to its officers and other key employees. The reconciliation of net income to FFO is as follows for the three and six months ended June 30, 2019 and 2018 (in thousands, except per share information):

Net Operating Income

Company management evaluates the performance of its property portfolio in part based on NOI. NOI represents rental property revenues, less termination fees, less rental property operating expenses. NOI is not a measure of cash flows or operating results as measured by GAAP, is not indicative of cash available to fund cash needs, and should not be considered an alternative to cash flows as a measure of liquidity. All companies may not calculate NOI in the same manner. The Company considers NOI to be an appropriate supplemental measure to net income as it helps both management and investors understand the core operations of the Company's operating assets. NOI excludes corporate general and administrative expenses, interest expense, depreciation and amortization, impairments, gains/loss on sales of real estate, and other non-operating items.

The following table reconciles NOI for consolidated properties to net income for each of the periods presented (in thousands):

Liquidity and Capital Resources

Our primary short-term and long-term liquidity needs include the following:

- property and land acquisitions;
- expenditures on development projects;
- building improvements, tenant improvements, and leasing costs;
- principal and interest payments on indebtedness; and
- common stock dividends and distributions to outside unitholders of CPLP.

We may satisfy these needs with one or more of the following:

- cash and cash equivalents on hand;
- net cash from operations;
- proceeds from the sale of assets;
- borrowings under our credit facility;
- proceeds from mortgage notes payable;
- proceeds from construction loans;
- proceeds from unsecured loans;
- proceeds from offerings of equity securities; and
- joint venture formations.

As of June 30, 2019, we had \$64.0 million drawn under our Credit Facility with the ability to borrow an additional \$936.0 million.

Contractual Obligations and Commitments

The following table sets forth information as of June 30, 2019 with respect to our outstanding contractual obligations and commitments (in thousands):

(1) Interest on variable rate obligations is based on rates effective as of June 30, 2019.

In addition, we have several standing or renewable service contracts mainly related to the operation of buildings. These contracts are in the ordinary course of business and are generally one year or less. These contracts are not included in the above table and are usually reimbursed in whole or in part by tenants.

In June 2019, we closed a \$650 million private placement of unsecured senior notes, which were issued in three tranches. The first tranche of \$125 million has an 8-year maturity and a fixed annual interest rate of 3.78%. The second tranche of \$250 million has a 9-year maturity and a fixed annual interest rate of 3.86%. The third tranche of \$275 million has a 10-year maturity and a fixed annual interest rate of 3.95%.

In the Merger, we assumed a mortgage loan with a principal balance of \$66.0 million and a fixed annual interest rate of 4.24% that is due in 2023.

Other Debt Information

Our existing mortgage debt is primarily non-recourse, fixed-rate mortgage notes secured by various real estate assets. Many of our non-recourse mortgages contain covenants which, if not satisfied, could result in acceleration of the maturity of the debt. We expect to either refinance the non-recourse mortgages at maturity or repay the mortgages with proceeds from asset sales, debt, or other capital sources.

Over 80% of our debt bears interest at a fixed rate. Our variable-interest debt instruments, including our Credit Facility and \$250 million term loan, may use London Interbank Offering Rate ("LIBOR") as a benchmark for establishing the rate. LIBOR is the subject of recent regulatory guidance and proposals for reform. These reforms may cause LIBOR to no longer be provided or to perform differently than in the past. If LIBOR is no longer widely available, or otherwise at our option, our Credit Facility and term loan facilities provide for alternate interest rate calculations. For additional information, please refer to Item 3, "Quantitative and Qualitative Disclosures about Market Risk", for additional information regarding interest rate risk.

Future Capital Requirements

To meet capital requirements for future investment activities over the long term, we intend to actively manage our portfolio of properties, generating internal cash flows, and strategically sell assets. We expect to continue to utilize indebtedness to fund future commitments, if available and under appropriate terms. We may also seek equity capital and capital from joint venture partners to implement our strategy.

Our business model is dependent upon raising or recycling capital to meet obligations and to fund development and acquisition activity. If one or more sources of capital are not available when required, we may be forced to reduce the number of projects we acquire or develop and/or raise capital on potentially unfavorable terms, or we may be unable to raise capital, which could have an adverse effect on our financial position or results of operations.

Cash Flows Summary

We report and analyze our cash flows based on operating activities, investing activities, and financing activities. The following table sets forth the changes in cash flows (in thousands):

	Six Months Ended June 30,		
	2019	2018	Change
Net cash provided by operating activities	\$ 77,791	\$ 104,716	\$ (26,925)
Net cash used in investing activities	(37,246)	(134,376)	97,130
Net cash used in financing activities	(29,173)	(65,525)	36,352

The reasons for significant increases and decreases in cash flows between the periods are as follows:

Cash Flows from Operating Activities. Cash flows from operating activities decreased \$26.9 million between the 2019 and 2018 six month periods primarily due to cash paid for merger expenses, partially offset by development fees received related to the NS transactions and by net cash received from the commencement of operations at the second and final phase of Spring & 8th in the fourth quarter of 2018 and at 1200 Peachtree in the first quarter of 2019.

Cash Flows from Investing Activities. Cash flows used in investing activities decreased \$97.1 million between the 2019 and 2018 six month periods primarily due to cash received in the Merger and cash received from the sale of land to NS, offset by an increase in cash used for acquisitions due to the purchase of 1200 Peachtree.

Cash Flows from Financing Activities. Cash flows used in financing activities decreased \$36.4 million between the 2019 and 2018 six month periods primarily due to an increase in net borrowings during 2019.

Capital Expenditures. We incur costs related to our real estate assets that include acquisition of properties, development of new properties, redevelopment of existing or newly purchased properties, leasing costs for new or replacement tenants, and ongoing property repairs and maintenance.

Capital expenditures for assets we develop or acquire and then hold and operate are included in the property acquisition, development, and tenant asset expenditures line item within investing activities on the condensed consolidated statements of cash flows. Amounts accrued are removed from the table below (accrued capital adjustment) to show the components of these costs on a cash basis. Components of costs included in this line item for the six months ended June 30, 2019 and 2018 are as follows (in thousands):

	Six Months Ended June 30,	
	2019	2018
Acquisition of property	\$ 82,120	\$ —
Development	36,258	36,523
Operating — leasing costs	22,698	15,065
Operating — building improvements	24,678	17,479
Purchase of land held for investment	6,512	—
Capitalized interest	2,131	2,485
Capitalized personnel costs	3,276	4,094
Change in accrued capital expenditures	(8,973)	24,121
Total property acquisition, development, and tenant asset expenditures	<u>\$ 168,700</u>	<u>\$ 99,767</u>

Capital expenditures, including capitalized interest, increased \$68.9 million between the 2019 and 2018 six month periods primarily due to the purchase of 1200 Peachtree and land, offset by a decrease accrued capital expenditures. Tenant improvements and leasing costs, as well as related capitalized personnel costs, are a function of the number and size of newly executed leases or renewals of existing leases. The amounts of tenant improvement and leasing costs for our office portfolio on a per square foot basis for the six months ended June 30, 2019 and 2018 were as follows:

	2019	2018
New leases	\$5.51	\$7.80
Renewal leases	\$6.31	\$5.37
Expansion leases	\$8.80	\$6.40

The amounts of tenant improvement and leasing costs on a per square foot basis vary by lease and by market. During the first quarter of 2019, the Company executed a new full-building lease at 1200 Peachtree with NS that had lower than average tenant improvement and leasing costs and in the second quarter executed a new lease with BB&T Corporation that had higher than average leasing costs.

Dividends. We paid common dividends of \$57.8 million and \$52.5 million in the 2019 and 2018 six month periods, respectively. We funded the common dividends with cash provided by operating activities. We expect to fund our future quarterly common dividends with cash provided by operating activities, also using proceeds from investment property sales, distributions from unconsolidated joint ventures, and indebtedness, if necessary.

On a quarterly basis, we review the amount of the common dividend in light of current and projected future cash flows from the sources noted above and also consider the requirements needed to maintain our REIT status. In addition, we have certain covenants under credit agreements which could limit the amount of common dividends paid. In general, common dividends of any amount can be paid as long as leverage, as defined in our credit agreements, is less than 60% and we are not in default. Certain conditions also apply in which we can still pay common dividends if leverage is above that amount. We routinely monitor the status of our common dividend payments in light of the covenants of our credit agreements.

Off Balance Sheet Arrangements

General. We have a number of off balance sheet joint ventures with varying structures, as described in note 6 of our 2018 Annual Report on Form 10-K and note 5 of this Form 10-Q. The joint ventures in which we have an interest are involved in the ownership, acquisition, and/or development of real estate. A venture will fund capital requirements or operational needs with cash from operations or financing proceeds, if possible. If additional capital is deemed necessary, a venture may request a contribution from the partners, and we will evaluate such request.

Debt. At June 30, 2019, our unconsolidated joint ventures had aggregate outstanding indebtedness to third parties of \$340.4 million. These loans are generally mortgage or construction loans, most of which are non-recourse to us except as described in the paragraph below. In addition, in certain instances, we provide “non-recourse carve-out guarantees” on these non-recourse loans. Certain of these loans have variable interest rates, which creates exposure to the ventures in the form of market risk from interest rate changes.

We guarantee 12.5% of the loan amount related to the Carolina Square construction loan, which has a lending capacity of \$79.8 million, and an outstanding balance of \$75.2 million as of June 30, 2019. At June 30, 2019, we guaranteed \$9.4 million of the amount outstanding.

Critical Accounting Policies

There have been no material changes in the critical accounting policies from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2018.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Our primary exposure to market risk results from our debt, which bears interest at both fixed and variable rates. We attempt to mitigate this risk by limiting our debt exposure in total and our maturities in any one year and weighting more towards fixed-rate debt in our portfolio. The fixed rate debt obligations limit the risk of fluctuating interest rates. At June 30, 2019 and December 31, 2018, we had \$1.5 billion and \$817.4 million of fixed rate debt outstanding at weighted average interest rates of 3.89% and 3.86%, respectively. The amount of fixed-rate debt outstanding primarily increased from December 31, 2018 to June 30, 2019 as a result of the funding of three tranches of Senior Unsecured Notes for a total of \$650 million and the assumption of Legacy Union One mortgage note of \$66 million assumed in the Merger with TIER.

At June 30, 2019, we had \$314.0 million of variable rate debt outstanding, which consisted of the Credit Facility with \$64.0 million outstanding at an interest rate of 3.45% and a \$250.0 million term loan with an interest rate of 3.60%. As of December 31, 2018, we had \$250.0 million million of variable rate debt outstanding, which consisted of the Credit Facility with no outstanding balance at an interest rate of 3.55% and a \$250.0 million term loan with an interest rate of 3.70%. Based on our average variable rate debt balances for the six months ended June 30, 2019, interest incurred would have increased by \$1.7 million if these interest rates had been 1% higher.

The following table summarizes our market risk associated with notes payable as of June 30, 2019. It includes the principal maturing, an estimate of the weighted average interest rates on remaining debt obligations, and the fair values of the Company's fixed and variable rate notes payable. Fair value was calculated by discounting future principal payments at estimated rates at which similar loans could have been obtained at June 30, 2019. The information presented below should be read in conjunction with note 8 of notes to consolidated financial statements included in this Quarterly Report on Form 10-Q. We did not have a significant level of notes receivable at June 30, 2019, and the table does not include information related to notes receivable.

Item 4. Controls and Procedures.

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. Management necessarily applied its judgment in assessing the costs and benefits of such controls and procedures, which, by their nature, can provide only reasonable assurance regarding management's control objectives.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of management, including the Chief Executive Officer along with the Chief Financial Officer, of the effectiveness, design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)). Based upon the foregoing, the Chief Executive Officer along with the Chief Financial Officer concluded that our disclosure controls and procedures were effective. In addition, based on such evaluation we have identified no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

Information regarding legal proceedings is described under the subheading "Litigation" in note 9 to the unaudited condensed consolidated financial statements set forth in this Form 10-Q.

Item 1A. Risk Factors

Risk factors that affect our business and financial results are discussed in Part I, "Item 1A. Risk Factors," of our Annual Report on Form 10-K for the year ended December 31, 2018. There have been no material changes in our risk factors from those previously disclosed in our Annual Report and our Quarterly Reports other than as set forth below. You should carefully consider the risks described in our Annual Report and below, which could materially affect our business, financial condition or future results. The risks described in our Annual Report and below are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem immaterial also may materially adversely affect our business, financial condition, and/or operating results. If any of the risks actually occur, our business, financial condition, and/or results of operations could be negatively affected.

We may be unable to integrate the business of TIER successfully or realize the anticipated synergies and related benefits of our merger with TIER or do so within the anticipated time frame.

The ongoing integration of the TIER business into our own will require significant management and resources. We may encounter difficulties in the integration process or in realizing any of the expected benefits from the Merger, including the following:

- the inability to successfully combine our business and TIER's business in a manner that permits us to achieve the cost savings anticipated to result from the Merger which would result in some anticipated benefits of the Merger not being realized in the time frame currently anticipated or at all;
- lost sales and tenants as a result of certain tenants deciding not to do business with us;
- the complexities associated with integrating personnel;
- the additional complexities of combining two companies with different histories, cultures, regulatory restrictions, markets and customer bases;
- our failure to retain key employees;
- potential unknown liabilities and unforeseen increased expenses, delays or regulatory conditions associated with the Merger; and
- performance shortfalls as a result of the diversion of management's attention caused by completing the Merger.

For all these reasons, it is possible that the integration process could result in the distraction of our management, the disruption of our ongoing business or inconsistencies in our services, standards, controls, procedures and policies, any of which could adversely affect our ability to maintain relationships with tenants, customers, vendors and employees.

As a result of the Merger, the composition of our Board of Directors has changed.

Concurrent with the closing of the Merger, the Board of Directors has changed and currently consists of ten members, eight of which served on our Board of Directors prior to the Merger and two of which served on TIER's Board of Directors prior to the merger.

Our future results will suffer if we do not effectively manage our operations following the Merger.

Following the Merger, we may continue to expand our operations through additional acquisitions, development opportunities and other strategic transactions, some of which involve complex challenges. Our future success will depend, in part, upon our ability to manage our expansion opportunities, which poses substantial challenges for us to integrate new operations into our existing business in an efficient and timely manner, and to successfully monitor our operations, costs, regulatory compliance and service quality, and to maintain other necessary internal controls. We cannot assure you that our expansion or acquisition opportunities will be successful, or that they will realize their expected operating efficiencies, cost savings, revenue enhancements, synergies or other benefits.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

We did not make any sales of unregistered securities during the second quarter of 2019.

We purchased the following common shares during the second quarter of 2019:

	<u>Total Number of Shares Purchased (1)</u>	<u>Average Price Paid per Share (1)</u>

Section 5.1. Organization; Power and Authority . Each Note Party is a legal entity duly organized or formed, validly existing and in good standing under the laws of its jurisdiction of incorporation or organization, and is duly qualified as a foreign entity and is in good standing in each jurisdiction in which such qualification is required by law, other than those jurisdictions as to which the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each Note Party has the requisite entity power and authority to own or hold under lease the properties it purports to own or hold under lease, to transact the business it transacts and proposes to transact, to execute and deliver this Agreement, and the Notes, in the case of the Company and the Co-Obligor, and the Guaranty Agreement, in the case of the Guarantors, and to perform the provisions hereof and thereof applicable to it.

Section 5.2. Authorization, Etc . This Agreement, the Guaranty Agreement and the Notes have been duly authorized by all necessary corporate or other organizational action on the part of each Note Party party thereto, and this Agreement constitutes, and upon execution and delivery thereof each Note will constitute, a legal, valid and binding obligation of each of the Note Parties party thereto enforceable against each such Note Party in accordance with its terms, except as such enforceability may be limited by (i) applicable bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally and (ii) general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

Section 5.3. Disclosure . The Company and Co-Obligor, through their agent, Wells Fargo Securities LLC and Morgan Stanley & Co. LLP, has delivered to each Purchaser a copy of a Private Placement Investor Presentation, dated March 2017 (the "**Memorandum**"), relating to the transactions contemplated hereby. The Memorandum fairly describes, in all material respects, the general nature of the business and principal properties of the Company and its Subsidiaries. This Agreement, the Memorandum, the financial statements listed in Schedule 5.5 and the documents, certificates or other writings delivered to the Purchasers by or on behalf of the Company and the Co-Obligor prior to April 6, 2017 in connection with the transactions contemplated hereby and identified in Schedule 5.3 (this Agreement, the Memorandum and such documents, certificates or other writings and such financial statements delivered to each Purchaser being referred to, collectively, as the "**Disclosure Documents**"), taken as a whole, do not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which they were made; *provided, however*, with respect to projected financial information, the Note Parties represent only that such information was prepared in good faith based on assumptions believed to be reasonable at the time. Except as disclosed in the Disclosure Documents, since December 31, 2016 there has been no change in the

financial condition, operations, business or properties of any Note Party or any Subsidiary of any Note Party except changes that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. There is no fact known to any Note Party that would reasonably be expected to have a Material Adverse Effect that has not been set forth herein or in the Disclosure Documents.

Section 5.4. Organization and Ownership of Shares of Subsidiaries; Affiliates . (a) Schedule 5.4 contains (except as noted therein) complete and correct lists of (i) the Company's Subsidiaries, showing, as to each Subsidiary, the name thereof, the jurisdiction of its organization, the percentage of shares of each class of its capital stock or similar equity interests outstanding owned by the Company and each other Subsidiary and whether such Subsidiary is a Guarantor, (ii) the Company's Unconsolidated Entities, other than Subsidiaries, and (iii) the Company's and the Co-Obligors directors and executive officers.

(c) Each Subsidiary is a corporation or other legal entity duly organized, validly existing and, where applicable, in good standing under the laws of its jurisdiction of organization, and is duly qualified as a foreign corporation or other legal entity and, where applicable, is in good standing in each jurisdiction in which such qualification is required by law, other than those jurisdictions as to which the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each such Subsidiary has the corporate or other power and authority to own or hold under lease the properties it purports to own or hold under lease and to transact the business it transacts and proposes to transact. Each Subsidiary which is a guarantor, co-borrower or otherwise liable pursuant to any Material Credit Facility is a Guarantor (other than the Co-Obligor, which is issuing Notes hereunder with the Company).

(d) No Subsidiary is subject to any legal, regulatory, contractual or other restriction (other than the agreements listed on Schedule 5.4 and customary limitations imposed by corporate law or similar statutes) restricting the ability of such Subsidiary to pay dividends out of profits or make any other similar distributions of profits to the Company or any of its Subsidiaries that owns outstanding shares of capital stock or similar equity interests of such Subsidiary.

Section 5.5. Financial Statements; Material Liabilities . The Note Parties have delivered to each Purchaser copies of the financial statements of the Company and its Consolidated Entities listed on Schedule 5.5. All of such financial statements (including in each case the related

schedules and notes) fairly present in all material respects the consolidated financial position of the Company and its Consolidated Entities as of the respective dates specified in such Schedule and the consolidated results of their operations and cash flows for the respective periods so specified and have been prepared in accordance with GAAP consistently applied throughout the periods involved except as set forth in the notes thereto (subject, in the case of any interim financial statements, to normal year-end adjustments). The Company and its Consolidated Entities do not have any Material liabilities that are not disclosed in the Disclosure Documents.

Section 5.6. Compliance with Laws, Other Instruments, Etc . The execution, delivery and performance by the Note Parties of this Agreement, the Guaranty Agreement and the Notes will not (i) contravene, result in any breach of, or constitute a default under, or result in the creation of any Lien in respect of any property of the Note Parties or any of their Subsidiaries under, any indenture, mortgage, deed of trust, loan, purchase or credit agreement, lease, corporate charter or by-laws, shareholders agreement or any other material agreement or instrument to which the Note Parties or any of their Subsidiaries is bound or by which the Note Parties or any of their Subsidiaries or any of their respective properties may be bound or affected, (ii) conflict with or result in a breach of any of the terms, conditions or provisions of any order, judgment, decree or ruling of any court, arbitrator or Governmental Authority applicable to the Note Parties or any of their respective Subsidiaries or (iii) violate any provision of any statute or other rule or regulation of any Governmental Authority applicable to the Note Parties or any of their respective Subsidiaries, which such violation could reasonably be expected to have a Material Adverse Effect.

Section 5.7. Governmental Authorizations, Etc . No consent, approval or authorization of, or registration, filing or declaration with, any Governmental Authority is required in connection with the execution, delivery or performance by the Note Parties of this Agreement or the Notes, except for filing of this Agreement with the SEC.

Section 5.8. Litigation; Observance of Agreements, Statutes and Orders . (b) None of the Note Parties nor any of their Subsidiaries is (i) in default under any agreement or instrument to which it is a party or by which it is bound, (ii) in violation of any order, judgment, decree or ruling of any court, any arbitrator of any kind or any Governmental Authority or (iii) in violation of any applicable law, ordinance, rule or regulation of any Governmental Authority (including Environmental Laws, the USA PATRIOT Act or any of the other laws and

regulations that are referred to in Section 5.16), which default or violation would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

Section 5.9. Taxes . The Note Parties and their Subsidiaries have filed all Material tax returns that are required to have been filed in any jurisdiction (taking into account any applicable extensions), and have paid all taxes shown to be due and payable on such returns and all other taxes and assessments levied upon them or their properties, assets, income or franchises, to the extent such taxes and assessments have become due and payable and before they have become delinquent, except for filings of any tax return or payment of any such any taxes and assessments (i) the amount of which, individually or in the aggregate, is not Material or (ii) the amount, applicability or validity of which is currently being contested in good faith by appropriate proceedings and with respect to which a Note Party or a Subsidiary, as the case may be, has established adequate reserves in accordance with GAAP. To the best knowledge of the Company and the Co-Obligor, there is no other tax or assessment that would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. As of the date hereof, the charges, accruals and reserves on the books of the Note Parties and their Subsidiaries in respect of any Material U.S. federal, state or other taxes for all fiscal periods are adequate. The U.S. federal income tax liabilities of the Note Parties and their Subsidiaries have been finally determined (whether by reason of completed audits or the statute of limitations having run) for all fiscal years up to and including the fiscal year ended December 31, 2012.

Section 5.10. Title to Property; Leases . Each Note Party and each of its Subsidiaries have good and sufficient title to their respective properties that individually or in the aggregate are Material, including all such properties reflected in the most recent audited balance sheet referred to in Section 5.5 or purported to have been acquired by such Note Party or Subsidiary after such date (except as sold or otherwise disposed of in the ordinary course of business), in each case free and clear of Liens prohibited by this Agreement. All leases that individually or in the aggregate are Material are valid and subsisting and are in full force and effect in all material respects.

Section 5.11. Licenses, Permits, Etc . (a) Each Note Party and each of their Subsidiaries own or possess all licenses, permits, franchises, authorizations, patents, copyrights, proprietary software, service marks, trademarks and trade names, or rights thereto, that individually or in the aggregate are Material, without known conflict with the rights of others.

(b) To the knowledge of the Company and the Co-Obligor, no product or service of any Note Party or any of their Subsidiaries infringes in any material respect any license, permit, franchise, authorization, patent, copyright, proprietary software, service mark, trademark, trade name or other right owned by any other Person.

(c) To the knowledge of the Company and the Co-Obligor, there is no Material violation by any Person of any right of any Note Party or any of their Subsidiaries with respect to any license, permit, franchise, authorization, patent, copyright, proprietary software, service mark, trademark, trade name or other right owned or used by any Note Party or any of their Subsidiaries.

Section 5.12. Compliance with Employee Benefit Plans . (a) Each Plan is in compliance in all material respects with the applicable provisions of ERISA, the Code and other Federal or state Laws. Each Plan that is intended to qualify under Section 401(a) of the Code has received a favorable determination letter from the IRS or an application for such a letter is currently being processed by the IRS with respect thereto and, to the best knowledge of the Company and the Co-Obligor, nothing has occurred which would prevent, or cause the loss of, such qualification. The Note Parties and each ERISA Affiliate have made all required contributions to each Plan subject to Section 412 of the Code, and no application for a funding waiver or an extension of any amortization period pursuant to Section 412 of the Code has been made with respect to any Plan.

(b) There are no pending or, to the best knowledge of the Company and the Co-Obligor, threatened claims, actions or lawsuits, or action by any Governmental Authority, with respect to any Plan that would be reasonably be expected to have a Material Adverse Effect. (c) (i) No ERISA Event has occurred or is reasonably expected to occur; (ii) no Pension Plan has any Unfunded Pension Liability; (iii) neither the Note Parties nor any ERISA Affiliate has incurred, or reasonably expects to incur, any liability under Title IV of ERISA with respect to any Pension Plan (other than premiums due and not delinquent under Section 4007 of ERISA); (iv) neither the Note Parties nor any ERISA Affiliate has incurred, or reasonably expects to incur, any liability (and no event has occurred which, with the giving of notice under Section 4219 of ERISA, would result in such liability) under Sections 4201 or 4243 of ERISA with respect to a Multiemployer Plan; and (v) neither the Note Parties nor any ERISA Affiliate has engaged in a transaction that could be subject to Sections 4069 or 4212(c) of ERISA.

(d) The execution and delivery of this Agreement and the issuance and sale of the Notes hereunder will not involve any transaction that is subject to the prohibitions of Section 406 of ERISA or in connection with which a tax could be imposed pursuant to Section 4975(c)(1)(A)-(D) of the Code. The representation by the Note Parties to each Purchaser in the first sentence of this Section 5.12(d) is made in reliance upon and subject to the accuracy of such Purchaser's representation in Section 6.2 as to the sources of the funds to be used to pay the purchase price of the Notes to be purchased by such Purchaser.

Section 5.13. Private Offering by the Company . None of the Note Parties nor anyone acting on their behalf has offered the Notes or any similar Securities for sale to, or solicited any offer to buy the Notes or any similar Securities from, or otherwise approached or negotiated in respect thereof with, any Person other than the Purchasers and not more than 50 Institutional Investors in total, including the Purchasers, each of which has been offered the Notes at a private sale for investment. No Note Party nor anyone acting on their behalf has taken, or will take, any action that would subject the issuance or sale of the Notes to the registration requirements of section 5 of the Securities Act or to the registration requirements of any Securities or blue sky laws of any applicable jurisdiction.

Section 5.14. Use of Proceeds; Margin Regulations . The Company and the Co-Obligor will apply the proceeds of the sale of the Notes hereunder as set forth in “Section 1.4. Margin stock does not constitute more than 5% of the value of the consolidated assets of the Company and its Subsidiaries and the Company does not have any present intention that margin stock will constitute more than 5% of the value of such assets. As used in this Section, the terms “margin stock” and “purpose of buying or carrying” shall have the meanings assigned to them in said Regulation U.

(c) None of the Note Parties nor any Subsidiary is a party to, or otherwise subject to any provision contained in, any instrument evidencing Indebtedness of such Note Party or such Subsidiary, any agreement relating thereto or any other agreement (including its charter or any other organizational document) which limits the amount of, or otherwise imposes restrictions on the incurring of, Indebtedness of the Note Parties, except as disclosed in Schedule 5.15.

(i) constitutes or will constitute funds obtained on behalf of any Blocked Person or will otherwise be used by the Note Parties or any Controlled Entity, directly or indirectly, (A) in connection with any investment in, or any transactions or dealings with, any Blocked Person, (B) for any purpose that would cause any Purchaser to be in violation of any U.S. Economic Sanctions Laws or (C) otherwise in violation of any U.S. Economic Sanctions Laws;

(ii) will be used, directly or indirectly, in violation of, or cause any Purchaser to be in violation of, any applicable Anti-Money Laundering Laws; or

(d) The Note Parties have established procedures and controls which each Note Party reasonably believes are adequate (and otherwise comply with applicable law) to ensure that each Note Party and each Controlled Entity is and will continue to be in compliance with all applicable U.S. Economic Sanctions Laws, Anti-Money Laundering Laws and Anti-Corruption Laws.

Notwithstanding the foregoing, the Company and the Co-Obligor may not prepay any Series of Notes (or Tranche of Notes) pursuant to this Section 8.2 if a Default or Event of Default shall exist or would result from such optional prepayment unless all Notes at the time outstanding are prepaid on a pro rata basis. The Company and the Co-Obligor will give each holder of Notes written notice of each optional prepayment under this Section 8.2 not less than 10 days and not more than 60 days prior to the date fixed for such prepayment unless the Company, the Co-Obligor and the Required Holders agree to another time period pursuant to Section 17. In the case of each partial prepayment of the Notes pursuant to Section 8.2, the principal amount of the Notes of each Series (or Tranche) to be prepaid shall be allocated among all of the Notes of each Series (or Tranche) at the time outstanding (without regard to Series or Tranche) in proportion, as nearly as practicable, to the respective unpaid principal amounts thereof not theretofore called for prepayment.

Section 8.4. Maturity; Surrender, Etc. In the case of each prepayment of Notes pursuant to this Section 8, the principal amount of each Note to be prepaid shall mature and become due and payable on the date fixed for such prepayment, together with interest on such principal amount accrued to such date and the applicable Make-Whole Amount, if any. From and after such date, unless the Company and the Co-Obligor shall fail to pay such principal amount when so due and payable, together with the interest and Make-Whole Amount, if any, as aforesaid, interest on such principal amount shall cease to accrue. Any Note paid or prepaid in full shall be surrendered to the Company and cancelled and shall not be reissued, and no Note shall be issued in lieu of any prepaid principal amount of any Note.

Section 8.5. Purchase of Notes . The Company and the Co-Obligor will not and will not permit any of their Affiliates to purchase, redeem, prepay or otherwise acquire, directly or indirectly, any of the outstanding Notes of any Series (or Tranche) except (a) upon the payment or prepayment of the Notes of such Series (or Tranche) in accordance with this Agreement (including any Supplement) and the Notes of such Series (or Tranche) or (b) pursuant to an offer to purchase made by the Company, the Co-Obligor or an Affiliate thereof pro rata to the holders of all Notes of such Series (or Tranche) at the time outstanding upon the same terms and conditions. If the holders of more than 20% of the principal amount of the Notes of such Series (or Tranche) offered for purchase then outstanding accept such offer, the Company and the Co-Obligor shall promptly notify the remaining holders of such Series (or Tranche) of such fact and the expiration date for the acceptance by holders of Notes of such offer shall be extended by the number of days necessary to give each such remaining holder at least 10 Business Days from its receipt of such notice to accept such offer. The Company and the Co-Obligor will promptly cancel all Notes acquired by it or any Affiliate pursuant to any payment, prepayment or purchase of Notes pursuant to this Agreement and no Notes may be issued in substitution or exchange for any such Notes. Notwithstanding the foregoing, none of the Company, the Co-Obligor nor any affiliate may offer to purchase or purchase any Series (or Tranche) of Notes if a Default or Event of Default shall exist or would result therefrom unless such Person shall offer to purchase all outstanding Notes on a pro rata basis upon the same terms and conditions.

Section 8.6. Make-Whole Amount for the Series 2017 Notes - .

The term **“Make-Whole Amount”** means, with respect to any Series 2017 Note, an amount equal to the excess, if any, of the Discounted Value of the Remaining Scheduled Payments with respect to the Called Principal of such Series 2017 Note over the amount of such Called Principal, *provided* that the Make-Whole Amount may in no event be less than zero. For the purposes of determining the Make-Whole Amount, the following terms have the following meanings:

“Called Principal” means, with respect to any Series 2017 Note, the principal of such Series 2017 Note that is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

“Discounted Value” means, with respect to the Called Principal of any Series 2017 Note, the amount obtained by discounting all Remaining Scheduled Payments with respect to such Called Principal from their respective scheduled due dates to the Settlement Date with respect to such Called Principal, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on the Series 2017 Notes is payable) equal to the Reinvestment Yield with respect to such Called Principal.

“Reinvestment Yield” means, with respect to the Called Principal of any Series 2017 Note, the sum of (a) 0.50% plus (b) the yield to maturity implied by the “Ask Yield(s)” reported as of 10:00 a.m. (New York City time) on the second Business Day preceding the Settlement Date with respect to such Called Principal, on the display designated as “Page PX1” (or such other display as may replace Page PX1) on Bloomberg Financial Markets for the most recently issued actively traded on-the-run U.S. Treasury securities (**“Reported”**) having a maturity equal to the Remaining Average Life of such Called Principal as of such Settlement Date. If there are no such U.S. Treasury securities Reported having a maturity equal to such Remaining Average Life, then such implied yield to maturity will be determined by (i) converting U.S. Treasury bill quotations to bond equivalent yields in accordance with accepted financial practice and (ii) interpolating linearly between the “Ask Yields” Reported for the applicable most recently issued actively traded on-the-run U.S. Treasury securities with the maturities (1) closest to and greater than such Remaining Average Life and (2) closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Note.

If such yields are not Reported or the yields Reported as of such time are not ascertainable (including by way of interpolation), then **“Reinvestment Yield”** means, with respect to the Called Principal of any Series 2017 Note, the sum of (x) 0.50% plus (y) the yield to maturity implied by the U.S. Treasury constant maturity yields reported, for the latest day for which such yields have been so reported as of the second Business Day preceding the Settlement Date with respect to such Called Principal, in Federal Reserve Statistical Release H.15 (or any comparable successor publication) for the U.S. Treasury constant maturity having a term equal to the Remaining Average

Life of such Called Principal as of such Settlement Date. If there is no such U.S. Treasury constant maturity having a term equal to such Remaining Average Life, such implied yield to maturity will be determined by interpolating linearly between (1) the U.S. Treasury constant maturity so reported with the term closest to and greater than such Remaining Average Life and (2) the U.S. Treasury constant maturity so reported with the term closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Series 2017 Note.

“Remaining Average Life” means, with respect to any Called Principal, the number of years obtained by dividing (i) such Called Principal into (ii) the sum of the products obtained by multiplying (a) the principal component of each Remaining Scheduled Payment with respect to such Called Principal by (b) the number of years, computed on the basis of a 360-day year comprised of twelve 30-day months and calculated to two decimal places, that will elapse between the Settlement Date with respect to such Called Principal and the scheduled due date of such Remaining Scheduled Payment.

“Remaining Scheduled Payments” means, with respect to the Called Principal of any Series 2017 Note, all payments of such Called Principal and interest thereon that would be due after the Settlement Date with respect to such Called Principal if no payment of such Called Principal were made prior to its scheduled due date, *provided* that if such Settlement Date is not a date on which interest payments are due to be made under the Series 2017 Notes, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Settlement Date and required to be paid on such Settlement Date pursuant to Section 8.2 or Section 12.1.

“Settlement Date” means, with respect to the Called Principal of any Series 2017 Note, the date on which such Called Principal is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

Section 8.7. Change of Control .

(a) *Notice of Change of Control.* The Company and the Co-Obligor will, within fifteen (15) Business Days after any Responsible Officer has knowledge of the occurrence of any Change of Control, give written notice (the **“Change of Control Notice”**) of such Change of Control to each holder of Notes. Such Change of Control Notice shall contain and constitute an offer to prepay the Notes as described in Section 8.7(b) hereof and shall be accompanied by the certificate described in Section 8.7(e).

(b) *Offer to Prepay Notes.* The offer to prepay Notes contemplated by Section 8.7(a) shall be an offer to prepay, in accordance with and subject to this Section 8.7, all, but not less than all, of the Notes held by each holder (in this case only, “holder” in respect of any Note registered in the name of a nominee for a disclosed beneficial owner shall mean such beneficial owner) on a date specified in such Change of Control Notice (the “**Proposed Prepayment Date**”). Such date shall be not fewer than 30 days and not more than 60 days after the date of delivery of the Change of Control Notice.

(c) *Acceptance.* Any holder of Notes may accept the offer to prepay made pursuant to this Section 8.7 by causing a notice of such acceptance to be delivered to the Company not fewer than 10 days prior to the Proposed Prepayment Date. A failure by a holder of Notes to respond to an offer to prepay made pursuant to this Section 8.7 shall be deemed to constitute a rejection of such offer by such holder.

(d) *Prepayment.* Prepayment of the Notes to be prepaid pursuant to this Section 8.7 shall be at 100% of the principal amount of such Notes together with accrued and unpaid interest thereon but without any Make-Whole Amount or other premium. The prepayment shall be made on the Proposed Prepayment Date.

(e) *Officer’s Certificate.* Each offer to prepay the Notes pursuant to this Section 8.7 shall be accompanied by a certificate, executed by a Senior Financial Officer and dated the date of delivery of the Change of Control Notice, specifying: (i) the Proposed Prepayment Date; (ii) that such offer is made pursuant to this Section 8.7; (iii) the principal amount of each Note offered to be prepaid (which shall be 100% of the outstanding principal balance of each such Note); (iv) the interest that would be due on each Note offered to be prepaid, accrued to the Proposed Prepayment Date; (v) that the conditions of this Section 8.7 required to be fulfilled prior to the giving of notice have been fulfilled; and (vi) in reasonable detail, the general nature and date of the Change of Control.

Section 8.8. Payments Due on Non-Business Days . Anything in this Agreement or the Notes to the contrary notwithstanding, (x) except as set forth in clause (y), any payment of interest on any Note that is due on a date that is not a Business Day shall be made on the next succeeding Business Day without including the additional days elapsed in the computation of the interest payable on such next succeeding Business Day; and (y) any payment of principal of or Make-Whole Amount on any Note (including principal due on the Maturity Date of such Note) that is due on a date that is not a Business Day shall be made on the next succeeding Business Day and shall include the additional days elapsed in the computation of interest payable on such next succeeding Business Day.

Section 10.3. Line of Business . The Company will not and will not permit any Consolidated Entity to engage in any business if, as a result, the general nature of the business in which the Company and its Consolidated Entities, taken as a whole, would then be engaged would be substantially changed from the general nature of the business in which the Company and its Consolidated Entities, taken as a whole, are engaged on the date of this Agreement as described in the Memorandum.

- (d) Dispositions of property by any Consolidated Entity to the Company, to the Co-Obligor, to a wholly-owned Consolidated Entity of the Company or the Co-Obligor or to other Person that will be a Guarantor upon the completion of such Disposition; *provided* that if the transferor of such property is a Guarantor, the transferee thereof must either be the Company, the Co-Obligor or a Guarantor; and
- (e) Any other Dispositions by the Company and/or the Consolidated Entities; *provided* that (i) to the extent any such Disposition involves property with a value or purchase price in excess of \$50,000,000, neither the Company nor any Consolidated Entity shall Dispose of such property unless the Company and Consolidated Entities are in compliance with the financial covenants set forth in this Agreement both before and after giving effect to such Disposition and upon the occurrence of such Disposition, the Note Parties shall be deemed to have (A) reaffirmed the representations and warranties set forth in Section 5 herein and (B) subject to clause (ii) below, made a representation that no Default or Event of Default is in existence prior to or will result from such Disposition; (ii) except to the extent the Required Holders have provided written consent for such Disposition expressly noting the existence or projected existence of such Default or Event of Default, no Default or Event of Default shall exist as of the date of such Disposition or would result from such Disposition and (iii) to the extent such action would require that a Guarantor be released,

Section 10.9. Restricted Payments . The Note Parties shall not, and shall not permit any Consolidated Entity to, declare or make, directly or indirectly, any Restricted Payment or Restricted Purchase, or incur any obligation (contingent or otherwise) to do so, except that:

(a) the Company and Co-Obligor may, during any taxable year, declare or make Restricted Payments if the Company's Consolidated Leverage Ratio, as of the end of the preceding taxable year, is less than or equal to 0.60 to 1.00; *provided, however*, that, if the Company's Consolidated Leverage Ratio is greater than 0.60 to 1.00 as of the end of any taxable year, the Company may, during the next taxable year, only declare or make Restricted Payments in an amount not to exceed the minimum amount required to maintain REIT status and to eliminate payments of federal and state income and excise taxes;

(e) so long as there does not exist at such time and would not be caused thereby, a Default or an Event of Default under this Agreement, the Company may make Restricted Purchases.

Section 10.10. Burdensome Agreements . The Note Parties shall not, and shall not permit any Consolidated Entity to, enter into or suffer to exist any Negative Pledge except for a Negative Pledge (i) contained in any agreement (A) evidencing Indebtedness which the Company or such Note Party may create, incur, assume, or permit or suffer to exist under Section 10.7, (B) which Indebtedness is secured by a Lien permitted to exist pursuant to this Agreement, and (C) which prohibits the creation of any other Lien on only the property securing such Indebtedness as of the date such agreement was entered into; (ii) contained in an Organization Document of an Unconsolidated Entity or a special purpose entity or vehicle which requires consent to, or places limitations on, the imposition of Liens on such Unconsolidated Entity's or special purpose entity's or vehicle's assets or properties; (iii) imposed by law or by this Agreement; (iv) contained in agreements relating to the sale of a Subsidiary or assets pending such sale, provided such restrictions and conditions are customary and apply only to the Subsidiary or assets that are to be sold and such sale is permitted hereunder; (v) contained in leases which restrict the assignment thereof by the lessee or (vi) contained in any agreement that evidences unsecured Indebtedness which contains restrictions on encumbering assets that are substantially similar to those restrictions contained in the Note Documents.

following the date of Closing (other than proceeds from (A) issuances to the Company, the Co-Obligor or a Consolidated Entity wholly-owned by the Company or the Co-Obligor or (B) an offering or other sale of equity securities used to redeem, purchase, defease, retire or refinance any outstanding equity securities).

(e) *Consolidated Unencumbered Interest Coverage Ratio*. Permit the Consolidated Unencumbered Interest Coverage Ratio (as calculated as of the end of each calendar quarter of the Company based on the information provided pursuant to Section 7.1 hereof) to be less than 2.00 to 1.00.

Notwithstanding the foregoing, *provided* that no Default or Event of Default has occurred and is then continuing, if any of the sections in the Revolving Credit Agreement that are the equivalent of Section 10.11(d) or Section 10.11(e) are subsequently amended or modified, including, for the avoidance of doubt, any definitions referenced directly or indirectly in any such section, in the Revolving Credit Agreement, such amendment or modification shall automatically and without any further action by any party to this Agreement be deemed incorporated by reference into this Agreement, *mutatis mutandi*, as if set forth fully in this Agreement solely for purposes of this Section 10.11, effective beginning on the date on which such amendment or modification is effective in the Revolving Credit Agreement, *provided, however*, that in the event that any fee is paid to any party to the Revolving Credit Agreement which is attributable to the amendment or modification of such covenant or related definitions, then the holders of the Notes shall have received any Equivalent Fee on a pro rata basis prior to or concurrently with the effectiveness of any such amendment or modification. “*Equivalent Fee*” means means an amount equal to the percentage determined by dividing the fee paid under the Revolving Credit Agreement by the principal outstanding amount under the Revolving Credit Agreement multiplied by the aggregate outstanding principal amount of the Notes.

Section 10.12. Prepayment of Other Indebtedness, Etc . If any Event of Default has occurred and is continuing or would be directly or indirectly caused as a result thereof, after the issuance thereof, the Note Parties shall not, and shall not permit the Consolidated Entities to, (a) amend or modify any of the terms of any Indebtedness of such Person (other than Indebtedness arising under the Note Documents) if such amendment or modification would add or change any terms in a manner adverse in any material respect to such Person or to the Holders, (b) shorten the final maturity or average life to maturity thereof or require any payment thereon to be made sooner than originally scheduled or increase the interest rate applicable thereto, or (c) make (or give any notice with respect thereto) any voluntary or optional payment or prepayment thereof, or make (or give any notice with respect thereto) any redemption or acquisition for value or defeasance (including without limitation, by way of depositing money or securities with the trustee with respect thereto before due for the purpose of paying when due), refund, refinance or exchange with respect thereto.

Section 10.13. Organization Documents; Subsidiaries . Permit any Note Party to (a) amend, modify, waive or change its Organization Documents in a manner materially adverse to the holders or Notes or in a manner that permits any Person (other than Thomas G. Section 10.14. Tax Driven Lease Transactions . Until any real property asset of the Combined Parties that is subject to a Tax Driven Lease Transaction has been repurchased by a Note Party as provided in the applicable Tax Driven Lease Transaction Documents, without the prior written consent of the Administrative Agents, the Note Parties and Consolidated Entities shall not modify or amend any Tax Driven Lease Transaction Documents, or any other agreement related thereto, in any manner that would (i) cause a change in the accounting treatment of such Tax Driven Lease Transaction under GAAP, (ii) adversely affect the ability of any Combined Party to repurchase any property of the Combined Parties that is subject to a Tax Driven Lease Transaction for nominal consideration or (iii) otherwise cause such transaction to not meet the terms of the definition of Tax Driven Lease Transactions.

If the Company or the Co-Obligor fails to comply with any provision of this Section 10 on or after the date of the First Closing and prior to the Second Closing, then any of the Purchasers of the Tranche A Notes may elect not to purchase the Tranche A Notes on the date of the Second Closing that is specified in Section 3.

SECTION 12. REMEDIES ON DEFAULT, ETC .

Section 12.1. Acceleration . (a) If an Event of Default with respect to the Company or the Co-Obligor described in Section 11(g) or (h) (other than an Event of Default described in clause (i) of Section 11(g) or described in clause (vi) of Section 11(g) by virtue of the fact that such clause encompasses clause (i) of Section 11(g)) has occurred, all the Notes then outstanding shall automatically become immediately due and payable.

(b) If any other Event of Default has occurred and is continuing, the holders of at least 51% in principal amount of Notes at the time outstanding may at any time at its or their option, by notice or notices to the Company, declare all the Notes then outstanding to be immediately due and payable.

(c) If any Event of Default described in Section 11(a) or (b) has occurred and is continuing, any holder or holders of Notes at the time outstanding affected by such Event of Default may at any time, at its or their option, by notice or notices to the Company, declare all the Notes held by it or them to be immediately due and payable.

Upon any Notes becoming due and payable under this Section 12.1, whether automatically or by declaration, such Notes will forthwith mature and the entire unpaid principal amount of such Notes, plus (x) all accrued and unpaid interest thereon (including interest accrued thereon at the applicable Default Rate) and (y) the Make-Whole Amount determined in respect of such principal amount, shall all be immediately due and payable, in each and every case without presentment, demand, protest or further notice, all of which are hereby waived. Each Note Party acknowledges, and the parties hereto agree, that each holder of a Note has the right to maintain its investment in the Notes free from repayment by the Company or the Co-Obligor (except as herein or in any Supplement specifically provided for) and that the provision for payment of a Make-Whole Amount by the Company and the Co-Obligor in the event that the Notes are prepaid or are accelerated as a

result of an Event of Default, is intended to provide compensation for the deprivation of such right under such circumstances.

Section 12.2. Other Remedies . If any Default or Event of Default has occurred and is continuing, and irrespective of whether any Notes have become or have been declared immediately due and payable under Section 12.1, the holder of any Note at the time outstanding may proceed to protect and enforce the rights of such holder by an action at law, suit in equity or other appropriate proceeding, whether for the specific performance of any agreement contained herein or in any Supplement or in any Note or in the Guaranty Agreement, or for an injunction against a violation of any of the terms hereof or thereof, or in aid of the exercise of any power granted hereby or thereby or by law or otherwise.

Section 12.3. Rescission . At any time after any Notes have been declared due and payable pursuant to Section 12.1(b) or (c), the holders of at least 51% in principal amount of Notes at the time outstanding, by written notice to the Company, may rescind and annul any such declaration and its consequences if (a) the Company or the Co-Obligor have paid all overdue interest on the Notes, all principal of and Make-Whole Amount, if any, on any Notes that are due and payable and are unpaid other than by reason of such declaration, and all interest on such overdue principal and Make-Whole Amount, if any, and (to the extent permitted by applicable law) any overdue interest in respect of the Notes, at the applicable Default Rate, (b) neither the Company, the Co-Obligor nor any other Person shall have paid any amounts which have become due solely by reason of such declaration, (c) all Events of Default and Defaults, other than non-payment of amounts that have become due solely by reason of such declaration, have been cured or have been waived pursuant to Section 17, and (d) no judgment or decree has been entered for the payment of any monies due pursuant hereto or to the Notes. No rescission and annulment under this Section 12.3 will extend to or affect any subsequent Event of Default or Default or impair any right consequent thereon.

Section 12.4. No Waivers or Election of Remedies, Expenses, Etc . No course of dealing and no delay on the part of any holder of any Note in exercising any right, power or remedy shall operate as a waiver thereof or otherwise prejudice such holder's rights, powers or remedies. No right, power or remedy conferred by this Agreement, any Supplement, the Guaranty Agreement or any Note upon any holder thereof shall be exclusive of any other right, power or remedy referred to herein or therein or now or hereafter available at law, in equity, by statute or otherwise. Without limiting the obligations of the Company and the Co-Obligor under Section 15, the Company and the Co-Obligor will pay to the holder of each Note on demand such further amount as shall be sufficient to cover all reasonable and documented costs and out-of-pocket expenses of such holder incurred in any enforcement or collection under this Section 12, including reasonable attorneys' fees, expenses and disbursements.

SECTION 13. REGISTRATION; EXCHANGE; SUBSTITUTION OF NOTES .

Section 13.1. Registration of Notes . The Company shall keep at its principal executive office a register for the registration and registration of transfers of Notes. The name and address of each holder of one or more Notes, each transfer thereof and the name and address of each transferee of one or more Notes shall be registered in such register. If any holder of one or more Notes is a nominee, then (a) the name and address of the beneficial owner of such Note or Notes shall also be registered in such register as an owner and holder thereof and (b) at any such beneficial owner's option, either such beneficial owner or its nominee may execute any amendment, waiver or consent pursuant to this Agreement. Prior to due presentment for registration of transfer, the Person in whose name any Note shall be registered shall be deemed and treated as the owner and holder thereof for all purposes hereof, and the Company shall not be affected by any notice or knowledge to the contrary. The Company shall give to any holder of a Note that is an Institutional Investor promptly upon request therefor, a complete and correct copy of the names and addresses of all registered holders of Notes.

Section 13.2. Transfer and Exchange of Notes . Upon surrender of any Note to the Company at the address and to the attention of the designated officer (all as specified in Section 18(iii)), for registration of transfer or exchange (and in the case of a surrender for registration of transfer accompanied by a written instrument of transfer duly executed by the registered holder of such Note or such holder's attorney duly authorized in writing and accompanied by the relevant name, address and other information for notices of each transferee of such Note or part thereof), within 10 Business Days thereafter, the Company and the Co-Obligor shall execute and deliver, at the Company's expense (except as provided below), one or more new Notes of the same Series (and of the same Tranche if such Series has separate Tranches) (as requested by the holder thereof) in exchange therefor, in an aggregate principal amount equal to the unpaid principal amount of the surrendered Note. Each such new Note shall be payable to such Person as such holder may request and shall be substantially in the form of the Note of the Series (and Tranche, if any) originally issued hereunder or pursuant to any Supplement. Each such new Note shall be dated and bear interest from the date to which interest shall have been paid on the surrendered Note or dated the date of the surrendered Note if no interest shall have been paid thereon. The Company may require payment of a sum sufficient to cover any stamp tax or governmental charge imposed in respect of any such transfer of Notes. Notes shall not be transferred in denominations of less than \$100,000, provided that if necessary to enable the registration of transfer by a holder of its entire holding of Notes of a Series, one Note of such Series may be in a denomination of less than \$100,000. Any transferee, by its acceptance of a Note registered in its name (or the name of its nominee), shall be deemed to have made the representation set forth in Section 6.2.

Section 13.3. Replacement of Notes . Upon receipt by the Company at the address and to the attention of the designated officer (all as specified in Section 18(iii)) of evidence reasonably satisfactory to it of the ownership of and the loss, theft, destruction or mutilation of any Note (which evidence shall be, in the case of an Institutional Investor, notice from such Institutional Investor of such ownership and such loss, theft, destruction or mutilation), and

(a) in the case of loss, theft or destruction, of indemnity reasonably satisfactory to it (provided that if the holder of such Note is, or is a nominee for, an original Purchaser, an original Additional Purchaser or another holder of a Note with a minimum net worth of at least \$100,000,000 or a Qualified Institutional Buyer, such Person's own unsecured agreement of indemnity shall be deemed to be satisfactory), or

(b) in the case of mutilation, upon surrender and cancellation thereof,

within 10 Business Days thereafter, the Company and the Co-Obligor at their own expense shall execute and deliver, in lieu thereof, a new Note of the same Series (and of the same Tranche if such Series has separate Tranches), dated and bearing interest from the date to which interest shall have been paid on such lost, stolen, destroyed or mutilated Note or dated the date of such lost, stolen, destroyed or mutilated Note if no interest shall have been paid thereon.

Section 14.1. Place of Payment . Subject to Section 14.2, payments of principal, Make-Whole Amount, if any, and interest becoming due and payable on the Notes shall be made in New York, New York at the principal office of [_____] in such jurisdiction. The Company may at any time, by notice to each holder of a Note, change the place of payment of the Notes so long as such place of payment shall be either the principal office of the Company in such jurisdiction or the principal office of a bank or trust company in such jurisdiction.

Section 14.2. Payment by Wire Transfer . So long as any Purchaser or Additional Purchaser or its nominee shall be the holder of any Note, and notwithstanding anything contained in Section 14.1 or in such Note to the contrary, the Company and the Co-Obligor will pay all sums becoming due on such Note for principal, Make-Whole Amount, if any, interest and all other amounts becoming due hereunder by the method and at the address specified for such purpose below such Purchaser's name in the Purchaser Schedule or, in the case of any Additional Purchaser, the Purchaser Schedule attached to any Supplement pursuant to which such Additional Purchaser is a party, or by such other method or at such other address as such Purchaser shall have from time to time specified to the Company in writing for such purpose, without the presentation or surrender of such Note or the making of any notation thereon, except that upon written request of the Company made

concurrently with or reasonably promptly after payment or prepayment in full of any Note, such Purchaser or Additional Purchaser shall surrender such Note for cancellation, reasonably promptly after any such request, to the Company at its principal executive office or at the place of payment most recently designated by the Company pursuant to Section 14.1. Prior to any sale or other disposition of any Note held by a Purchaser or an Additional Purchaser or such Person's nominee, such Purchaser will, at its election, either endorse thereon the amount of principal paid thereon and the last date to which interest has been paid thereon or surrender such Note to the Company in exchange for a new Note or Notes pursuant to Section 13.2. The Company and the Co-Obligor will afford the benefits of this Section 14.2 to any Institutional Investor that is the direct or indirect transferee of any Note purchased by a Purchaser or an Additional Purchaser under this Agreement (including any Supplement hereto) and that has made the same agreement relating to such Note as the Purchasers or Additional Purchasers, as the case may be, have made in this Section 14.2.

Section 14.3. FATCA Information . By acceptance of any Note, the holder of such Note agrees that such holder will with reasonable promptness duly complete and deliver to the Company, or to such other Person as may be reasonably requested by the Company, from time to time (a) in the case of any such holder that is a United States Person, an IRS Form W-9 containing such holder's United States tax identification number or other forms reasonably requested by the Company necessary to establish such holder's status as a United States Person under FATCA and as may otherwise be necessary for the Company and the Co-Obligor to comply with their obligations under FATCA and (b) in the case of any such holder that is not a United States Person, such documentation prescribed by applicable law (including as prescribed by section 1471(b)(3)(C)(i) of the Code) and such additional documentation as may be necessary for the Company to comply with its obligations under FATCA and to determine that such holder has complied with such holder's obligations under FATCA or to determine the amount (if any) to deduct and withhold from any such payment made to such holder. Nothing in this Section 14.3 shall require any holder to provide information that is confidential or proprietary to such holder unless the Company or the Co-Obligor is required to obtain such information under FATCA and, in such event, the Company and the Co-Obligor shall treat any such information they receive as confidential.

Section 14.4. Tax Documentation . Any Purchaser or any Additional Purchaser that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Note Document shall deliver to the Company, on the date hereof and at the time or times reasonably requested by the Company, such properly completed and executed documentation reasonably requested by the Company as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Purchaser or any Additional Purchaser if reasonably requested by the Company, shall deliver such other documentation prescribed by applicable law or reasonably requested by the Company as will enable the Company to determine

whether or not such Purchaser is subject to backup withholding or information reporting requirements.

SECTION 15. EXPENSES, ETC .

Section 15.1. Transaction Expenses . Whether or not the transactions contemplated hereby are consummated, the Company and the Co-Obligor will pay all reasonable and documented costs and out-of-pocket expenses (including reasonable attorneys' fees of a special counsel and, if reasonably required by the Required Holders, local or other counsel) incurred by the Purchasers, the Additional Purchasers and each other holder of a Note in connection with such transactions and in connection with any amendments, waivers or consents under or in respect of this Agreement (including any Supplement), the Guaranty Agreement or the Notes (whether or not such amendment, waiver or consent becomes effective), including: (a) the reasonable and documented costs and out-of-pocket expenses incurred in enforcing or defending (or determining whether or how to enforce or defend) any rights under this Agreement (including the Supplement), the Guaranty Agreement or the Notes or in responding to any subpoena or other legal process or informal investigative demand issued in connection with this Agreement, the Guaranty Agreement or the Notes, or by reason of being a holder of any Note, (b) the reasonable and documented costs and out-of-pocket expenses, including financial advisors' fees, incurred in connection with the insolvency or bankruptcy of any Note Party or any Subsidiary or in connection with any work-out or restructuring of the transactions contemplated hereby, by any Supplement and by the Notes and the Guaranty Agreement and (c) the reasonable and documented costs and out-of-pocket expenses incurred in connection with the initial filing of this Agreement or any Supplement and all related documents and financial information with the *SVO provided*, that such costs and expenses under this clause (c) shall not exceed \$5,000 per Tranche of Note. If required by the NAIC, such Note Party shall obtain and maintain at its own cost and expense a Legal Entity Identifier (LEI).

The Company and the Co-Obligor will pay, and will save each Purchaser, each Additional Purchaser and each other holder of a Note harmless from, (i) all claims in respect of any fees, reasonable and documented costs and out-of-pocket expenses expenses, if any, of brokers and finders (other than those, if any, retained by a Purchaser, any Additional Purchaser or other holder in connection with its purchase of the Notes), and (ii) any judgment, liability, claim, order, decree, fine, penalty, cost, fee, expense (including reasonable attorneys' fees and expenses) or obligation resulting from the consummation of the transactions contemplated hereby, including the use of the proceeds of the Notes by the Company and the Co-Obligor. This Section 15.1 shall not apply with respect to Taxes.

Section 15.2. Certain Taxes . The Company and the Co-Obligor agree to pay all Other Taxes which may be payable in respect of the execution and delivery or the enforcement of this

Agreement or the Guaranty Agreement or the execution and delivery (but not the transfer) or the enforcement of any of the Notes in the United States or any other jurisdiction where any Note Party has assets or of any amendment of, or waiver or consent under or with respect to, this Agreement or the Guaranty Agreement or of any of the Notes, and will save each holder of a Note to the extent permitted by applicable law harmless against any loss or liability resulting from nonpayment or delay in payment of any such tax or fee required to be paid by the Company or the Co-Obligor hereunder.

Section 15.3. Survival . The obligations of the Company and the Co-Obligor under this Section 15 will survive the payment or transfer of any Note, the enforcement, amendment or waiver of any provision of this Agreement, any Supplement, the Guaranty Agreement or the Notes, and the termination of this Agreement or any Supplement.

SECTION 16. SURVIVAL OF REPRESENTATIONS AND WARRANTIES; ENTIRE AGREEMENT .

All representations and warranties contained herein, in any Guaranty Agreement or in any Supplement shall survive the execution and delivery of this Agreement, the Guaranty Agreement, such Supplement and the Notes, the purchase or transfer by any Purchaser or Additional Purchaser of any Note or portion thereof or interest therein and the payment of any Note, and may be relied upon by any subsequent holder of a Note, regardless of any investigation made at any time by or on behalf of such Purchaser or any other holder of a Note. All statements contained in any certificate or other instrument delivered by or on behalf of any Note Party pursuant to this Agreement, any Supplement or the Guaranty Agreement shall be deemed representations and warranties of such Note Party under this Agreement, the Guaranty Agreement or such Supplement. Subject to the preceding sentence, this Agreement (including every Supplement), the Guaranty Agreement and the Notes embody the entire agreement and understanding between each Purchaser and the Additional Purchasers and the Note Parties and supersede all prior agreements and understandings relating to the subject matter hereof.

SECTION 17. AMENDMENT AND WAIVER .

Section 17.1. Requirements . This Agreement (including any Supplement) and the Notes may be amended, and the observance of any term hereof or of the Notes may be waived (either retroactively or prospectively), only with the written consent of the Note Parties and the Required Holders, except that:

- (a) no amendment or waiver of any of Sections 1, 2, 3, 4, 5, 6 or 21 hereof or the corresponding provision of any Supplement, or any defined term (as it is used therein

or in such corresponding provision of any Supplement), will be effective as to any Purchaser or any Additional Purchaser unless consented to by such Purchaser or Additional Purchaser in writing; and

(b) no amendment or waiver may, without the written consent of each Purchaser and the holder of each Note at the time outstanding, (i) subject to Section 12 relating to acceleration or rescission, change the amount or time of any prepayment or payment of principal of, or reduce the rate or change the time of payment or method of computation of (x) interest on the Notes or (y) the Make-Whole Amount, (ii) change the percentage of the principal amount of the Notes the holders of which are required to consent to any amendment or waiver or the principal amount of the Notes that the Purchasers are to purchase pursuant to Section 2 upon the satisfaction of the conditions to each Closing that appear in Section 4, or (iii) amend any of Sections 1.2(viii), 8 (except as set forth in the second sentence of Section 8.2), 11(a), 11(b), 12, 17 or 20, or the corresponding provision of any Supplement.

(c) *Supplements.* Notwithstanding anything to the contrary contained herein, the Company and the Co-Obligor may enter into any Supplement providing for the issuance of one or more Series (or Tranche) of Additional Notes consistent with Section 1.2 hereof without obtaining the consent of any Purchaser, any Additional Purchaser or any holder, in each case, of any other Series of Notes.

Section 17.2. Solicitation of Holders of Notes

(a) *Solicitation.* The Company will provide each holder of a Note with sufficient information, sufficiently far in advance of the date a decision is required, to enable such holder to make an informed and considered decision with respect to any proposed amendment, waiver or consent in respect of any of the provisions hereof, of any Supplement or of the Notes or the Guaranty Agreement. The Company will deliver executed or true and correct copies of each amendment, waiver or consent effected pursuant to this Section 17 or the Guaranty Agreement to each holder of a Note promptly following the date on which it is executed and delivered by, or receives the consent or approval of, the requisite holders of Notes.

(b) *Payment.* Neither the Company nor the Co-Obligor will directly or indirectly pay or cause to be paid any remuneration, whether by way of supplemental or additional interest, fee or otherwise, or grant any security or provide other credit support, to any holder of a Note as consideration for or as an inducement to the entering into by such holder of any waiver or amendment of any of the terms and provisions hereof, of any Supplement or of the Guaranty Agreement or any Note unless such remuneration is concurrently paid, or security is concurrently granted or other

credit support concurrently provided, on the same terms, ratably to each holder of a Note even if such holder did not consent to such waiver or amendment.

(c) *Consent in Contemplation of Transfer.* Any consent given pursuant to this Section 17 or the Guaranty Agreement by a holder of a Note that has transferred or has agreed to transfer its Note to (i) a Note Party, (ii) any Subsidiary or any other Affiliate or (iii) any other Person in connection with, or in anticipation of, such other Person acquiring, making a tender offer for or merging with any Note Party and/or any of its Affiliates, in each case in connection with such consent, shall be void and of no force or effect except solely as to such holder, and any amendments effected or waivers granted or to be effected or granted that would not have been or would not be so effected or granted but for such consent (and the consents of all other holders of Notes that were acquired under the same or similar conditions) shall be void and of no force or effect except solely as to such holder.

Section 17.3. Binding Effect, Etc . Any amendment or waiver consented to as provided in this Section 17 or the Guaranty Agreement applies equally to all holders of Notes and is binding upon them and upon each future holder of any Note and upon the Note Parties without regard to whether such Note has been marked to indicate such amendment or waiver. No such amendment or waiver will extend to or affect any obligation, covenant, agreement, Default or Event of Default not expressly amended or waived or impair any right consequent thereon. No course of dealing between the Note Parties and any holder of a Note and no delay in exercising any rights hereunder or under any Note or the Guaranty Agreement shall operate as a waiver of any rights of any holder of such Note.

Section 17.4. Notes Held by Note Parties, Etc . Solely for the purpose of determining whether the holders of the requisite percentage of the aggregate principal amount of Notes then outstanding approved or consented to any amendment, waiver or consent to be given under this Agreement, the Guaranty Agreement or the Notes, or have directed the taking of any action provided herein or in the Guaranty Agreement or the Notes to be taken upon the direction of the holders of a specified percentage of the aggregate principal amount of Notes then outstanding, Notes directly or indirectly owned by the Note Parties or any of their respective Affiliates shall be deemed not to be outstanding.

SECTION 19. REPRODUCTION OF DOCUMENTS .

This Agreement and all documents relating thereto, including (a) consents, waivers and modifications that may hereafter be executed, (b) documents received by any Purchaser or Additional Purchaser at each Closing (except the Notes themselves), and (c) financial statements, certificates and other information previously or hereafter furnished to any Purchaser or any Additional Purchaser, may be reproduced by such Purchaser or such Additional Purchaser by any photographic, photostatic, electronic, digital, or other similar process and such Purchaser may destroy any original document so reproduced. The Note Parties agree and stipulate that, to the extent permitted by applicable law, any such reproduction shall be admissible in evidence as the original itself in any judicial or administrative proceeding (whether or not the original is in existence and whether or not such reproduction was made by such Purchaser or Additional Purchaser in the regular course of business) and any enlargement, facsimile or further reproduction of such reproduction shall likewise be admissible in evidence. This Section 19 shall not prohibit the Company, the Co-Obligor or any other holder of Notes from contesting any such reproduction to the same extent that it would contest the original, or from introducing evidence to demonstrate the inaccuracy of any such reproduction.

SECTION 20. CONFIDENTIAL INFORMATION .

For the purposes of this Section 20, "*Confidential Information*" means information delivered to any Purchaser or any Additional Purchaser by or on behalf of the Company or any Subsidiary in connection with the transactions contemplated by or otherwise pursuant to this

Agreement, that is proprietary in nature and that was clearly marked or labeled or otherwise adequately identified when received by such Purchaser or any Additional Purchaser as being confidential information of the Company or such Subsidiary, *provided* that such term does not include information that (a) was publicly known or otherwise known to such Purchaser or Additional Purchaser prior to the time of such disclosure, (b) subsequently becomes publicly known through no act or omission by such Purchaser such Additional Purchaser or any Person acting on such Purchaser's or such Additional Purchaser's behalf, (c) otherwise becomes known to such Purchaser or such Additional Purchaser other than through disclosure by the Company or any Subsidiary or (d) constitutes financial statements delivered to such Purchaser or such Additional Purchaser under Section 7.1 that are otherwise publicly available. Each Purchaser and Additional Purchaser will maintain the confidentiality of such Confidential Information in accordance with procedures adopted by such Purchaser or such Additional Purchaser in good faith to protect confidential information of third parties delivered to such Purchaser or such Additional Purchaser, *provided* that such Purchaser or such Additional Purchaser may deliver or disclose Confidential Information to (i) its directors, officers, employees, agents, attorneys, trustees and affiliates (to the extent such disclosure reasonably relates to the administration of the investment represented by its Notes), (ii) its auditors, financial advisors and other professional advisors who agree to hold confidential the Confidential Information substantially in accordance with this Section 20, (iii) any other holder of any Note, (iv) any Institutional Investor to which it sells or offers to sell such Note or any part thereof or any participation therein (if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by this Section 20), (v) any Person from which it offers to purchase any Security of a Note Party (but only if such Person has agreed in writing prior to its receipt of such Confidential Information to be bound by this Section 20), (vi) any federal or state regulatory authority having jurisdiction over such Purchaser or Additional Purchaser, (vii) the NAIC or the SVO or, in each case, any similar organization, or any nationally recognized rating agency that requires access to information about such Purchaser's or such Additional Purchaser's investment portfolio, or (viii) any other Person to which such delivery or disclosure may be necessary or appropriate (w) to effect compliance with any law, rule, regulation or order applicable to such Purchaser or such Additional Purchaser, (x) in response to any subpoena or other legal process, (y) in connection with any litigation to which such Purchaser or such Additional Purchaser is a party, or (z) if an Event of Default has occurred and is continuing, to the extent such Purchaser or such Additional Purchaser may reasonably determine such delivery and disclosure to be necessary or appropriate in the enforcement or for the protection of the rights and remedies under such Purchaser's or such Additional Purchaser's Notes, this Agreement or the Guaranty Agreement. Each holder of a Note, by its acceptance of a Note, will be deemed to have agreed to be bound by and to be entitled to the benefits of this Section 20 as though it were a party to this Agreement. On reasonable request by the Company in connection with the delivery to any holder of a Note of information required to be delivered to such holder under this Agreement, any Supplement or

requested by such holder (other than a holder that is a party to this Agreement or its nominee), such holder will enter into an agreement with the Company embodying this Section 20.

In the event that as a condition to receiving access to information relating to the Note Parties or their Subsidiaries in connection with the transactions contemplated by or otherwise pursuant to this Agreement, any Purchaser, Additional Purchaser or holder of a Note is required to agree to a confidentiality undertaking (whether through IntraLinks, Syndtrak, another secure website, a secure virtual workspace or otherwise) which is different from this Section 20, this Section 20 shall not be amended thereby and, as between such Purchaser, such Additional Purchaser or such holder and the Note Parties, this Section 20 shall supersede any such other confidentiality undertaking.

SECTION 21. SUBSTITUTION OF PURCHASER .

Each Purchaser and each Additional Purchaser shall have the right to substitute any one of its Affiliates or another Purchaser or any one of such other Purchaser's Affiliates (a "**Substitute Purchaser**") as the purchaser of the Notes that it has agreed to purchase hereunder or under any Supplement, by written notice to the Company and the Co-Obligor, which notice shall be signed by both such Purchaser or such Additional Purchaser and such Substitute Purchaser, shall contain such Substitute Purchaser's agreement to be bound by this Agreement and such Supplement and shall contain a confirmation by such Substitute Purchaser of the accuracy with respect to it of the representations set forth in Section 6. Upon receipt of such notice, any reference to such Purchaser or such Additional Purchaser in this Agreement (other than in this Section 21) and such Supplement, shall be deemed to refer to such Substitute Purchaser in lieu of such original Purchaser or such original Additional Purchaser. In the event that such Substitute Purchaser is so substituted as a Purchaser or an Additional Purchaser hereunder or under any Supplement and such Substitute Purchaser thereafter transfers to such original Purchaser or such original Additional Purchaser all of the Notes then held by such Substitute Purchaser, upon receipt by the Company and the Co-Obligor of notice of such transfer, any reference to such Substitute Purchaser as a "Purchaser" or an "Additional Purchaser" in this Agreement (other than in this Section 21), shall no longer be deemed to refer to such Substitute Purchaser, but shall refer to such original Purchaser or such original Additional Purchaser, and such original Purchaser or such original Additional Purchaser shall again have all the rights of an original holder of the Notes under this Agreement and such Supplement, as applicable.

SECTION 22. MISCELLANEOUS .

Section 22.1. Successors and Assigns . All covenants and other agreements contained in this Agreement (including all covenants and other agreements contained in any Supplement) by or on behalf of any of the parties hereto bind and inure to the benefit of their

respective successors and assigns (including any subsequent holder of a Note) whether so expressed or not, except that, subject to Section 10.2, neither the Company nor the Co-Obligor may assign or otherwise transfer any of its rights or obligations hereunder or under the Notes without the prior written consent of each holder. Nothing in this Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto and their respective successors and assigns permitted hereby) any legal or equitable right, remedy or claim under or by reason of this Agreement.

Section 22.2. Accounting Terms . (a) All accounting terms used herein or used in any Supplement which are not expressly defined in this Agreement or such Supplement, as applicable, have the meanings respectively given to them in accordance with GAAP. Except as otherwise specifically provided herein in any Supplement, (i) all computations made pursuant to this Agreement or such Supplement, as applicable, shall be made in accordance with GAAP, and (ii) all financial statements shall be prepared in accordance with GAAP. For purposes of determining compliance with this Agreement (including Section 9, Section 10 and the definition of “Indebtedness”), any election by any Note Party to measure any financial liability using fair value (as permitted by Financial Accounting Standards Board Accounting Standards Codification Topic No. 825-10-25 – *Fair Value Option*, International Accounting Standard 39 – *Financial Instruments: Recognition and Measurement* or any similar accounting standard) shall be disregarded and such determination shall be made as if such election had not been made.

(b) If at any time any change in GAAP would affect the computation of any financial ratio or requirement set forth in this Agreement, and either the Company or the Required Holders shall so request, the holders of the Notes and the Company shall negotiate in good faith to amend such ratio or requirement to preserve the original intent thereof in light of such change in GAAP (subject to the approval of the Required Holders); *provided* that, until so amended, (i) such ratio or requirement shall continue to be computed in accordance with GAAP prior to such change therein and (ii) the Company shall provide to the holders of the Notes financial statements and other documents required under this Agreement or as reasonably requested hereunder setting forth a reconciliation between calculations of such ratio or requirement made before and after giving effect to such change in GAAP. Without limiting the foregoing, leases shall continue to be classified and accounted for on a basis consistent with that reflected in the financial statements delivered at the First Closing for all purposes of this Agreement, notwithstanding any change in GAAP relating thereto, unless the parties hereto shall enter into a mutually acceptable amendment addressing such changes, as provided for above.

Section 22.3. Severability . Any provision of this Agreement or any Supplement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof,

and any such prohibition or unenforceability in any jurisdiction shall (to the full extent permitted by law) not invalidate or render unenforceable such provision in any other jurisdiction.

Section 22.4. Construction, Etc . Each covenant contained herein or in any Supplement shall be construed (absent express provision to the contrary) as being independent of each other covenant contained herein, so that compliance with any one covenant shall not (absent such an express contrary provision) be deemed to excuse compliance with any other covenant. Where any provision herein or in any Supplement refers to action to be taken by any Person, or which such Person is prohibited from taking, such provision shall be applicable whether such action is taken directly or indirectly by such Person.

Defined terms herein shall apply equally to the singular and plural forms of the terms defined. Whenever the context may require, any pronoun shall include the corresponding masculine, feminine and neuter forms. The words “include,” “includes” and “including” shall be deemed to be followed by the phrase “without limitation.” The word “will” shall be construed to have the same meaning and effect as the word “shall.” Unless the context requires otherwise (a) any definition of or reference to any agreement, instrument or other document herein shall be construed as referring to such agreement, instrument or other document as from time to time amended, supplemented or otherwise modified (subject to any restrictions on such amendments, supplements or modifications set forth herein) and, for purposes of the Notes, shall also include any such notes issued in substitution therefor pursuant to Section 13, (b) subject to Section 22.1, any reference herein to any Person shall be construed to include such Person’s successors and assigns, (c) the words “herein,” “hereof” and “hereunder,” and words of similar import, shall be construed to refer to this Agreement in its entirety and not to any particular provision hereof, (d) all references herein to Sections and Schedules shall be construed to refer to Sections of, and Schedules to, this Agreement, and (e) any reference to any law or regulation herein shall, unless otherwise specified, refer to such law or regulation as amended, modified or supplemented from time to time.

Section 22.5. Counterparts . This Agreement and any Supplement may be executed in any number of counterparts, each of which shall be an original but all of which together shall constitute one instrument. Each counterpart may consist of a number of copies hereof, each signed by less than all, but together signed by all, of the parties hereto.

Section 22.6. Governing Law . This Agreement and each Supplement shall be construed and enforced in accordance with, and the rights of the parties shall be governed by, the law of the State of New York excluding choice-of-law principles of the law of such State that would permit the application of the laws of a jurisdiction other than such State.

Section 22.7. Jurisdiction and Process; Waiver of Jury Trial . (a) The Company and the Co-Obligor irrevocably submits to the non-exclusive jurisdiction of any New York State or federal court sitting in the Borough of Manhattan, The City of New York, over any suit, action or proceeding arising out of or relating to this Agreement, any Supplement or the Notes. To the fullest extent permitted by applicable law, the Company and the Co-Obligor irrevocably waive and agree not to assert, by way of motion, as a defense or otherwise, any claim that it is not subject to the jurisdiction of any such court, any objection that it may now or hereafter have to the laying of the venue of any such suit, action or proceeding brought in any such court and any claim that any such suit, action or proceeding brought in any such court has been brought in an inconvenient forum.

(b) The Company and the Co-Obligor agree, to the fullest extent permitted by applicable law, that a final judgment in any suit, action or proceeding of the nature referred to in Section 22.7(a) brought in any such court shall be conclusive and binding upon it subject to rights of appeal, as the case may be, and may be enforced in the courts of the United States of America or the State of New York (or any other courts to the jurisdiction of which it or any of its assets is or may be subject) by a suit upon such judgment.

(c) The Company and the Co-Obligor consent to process being served by or on behalf of any holder of Notes in any suit, action or proceeding of the nature referred to in Section 22.7(a) by mailing a copy thereof by registered, certified, priority or express mail (or any substantially similar form of mail), postage prepaid, return receipt or delivery confirmation requested, to it at its address specified in Section 18 or at such other address of which such holder shall then have been notified pursuant to said Section. The Company and the Co-Obligor agree that such service upon receipt (i) shall be deemed in every respect effective service of process upon it in any such suit, action or proceeding and (ii) shall, to the fullest extent permitted by applicable law, be taken and held to be valid personal service upon and personal delivery to it. Notices hereunder shall be conclusively presumed received as evidenced by a delivery receipt furnished by the United States Postal Service or any reputable commercial delivery service.

(d) Nothing in this Section 22.7 shall affect the right of any holder of a Note to serve process in any manner permitted by law, or limit any right that the holders of any of the Notes may have to bring proceedings against the Company or the Co-Obligor in the courts of any appropriate jurisdiction or to enforce in any lawful manner a judgment obtained in one jurisdiction in any other jurisdiction.

(e) THE PARTIES HERETO HEREBY WAIVE TRIAL BY JURY IN ANY ACTION BROUGHT ON OR WITH RESPECT TO THIS AGREEMENT, ANY SUPPLEMENT, THE NOTES OR ANY OTHER DOCUMENT EXECUTED IN CONNECTION HEREWITH OR THEREWITH.

If you are in agreement with the foregoing, please sign the form of agreement on a counterpart of this Agreement and return it to the Company, whereupon this Agreement shall become a binding agreement between you, the Company and the Co-Obligor.

Reference is further made to Section 1.2 of the Note Purchase Agreement which requires that, prior to the delivery of any Additional Notes, the Company, the Co-Obligor and each Additional Purchaser shall execute and deliver a Supplement.

The Company and the Co-Obligor hereby, jointly and severally, agree with the Purchaser(s) as follows:

1. The Company and the Co-Obligor have authorized the issue and sale of \$[_____] aggregate principal amount of their [_____] % Series [_____] Senior Notes due [_____] (the "*Series _____ Notes*"). The Series [_____] Notes, together with the Series 2017 Notes [and the Series ____ Notes] initially issued pursuant to the Note Purchase Agreement [and the _____ Supplement] and each series of Additional Notes which may from time to time hereafter be issued pursuant to the provisions of Section 1.2 of the Note Purchase Agreement, are collectively referred to as the "Notes" (such term shall also include any such notes issued in substitution therefor pursuant to Section 13 of the Note Purchase Agreement). The Series [_____] Notes shall be substantially in the form set out in Exhibit I hereto with such changes therefrom, if any, as may be approved by the Purchaser(s), the Co-Obligor and the Company.

2. Subject to the terms and conditions hereof and as set forth in the Note Purchase Agreement and on the basis of the representations and warranties hereinafter set forth, the Company and the Co-Obligor agree to issue and sell to each Purchaser, and each Purchaser agrees to purchase from the Company and the Co-Obligor, Series [____] Notes in the principal amount set forth opposite such Purchaser's name on Schedule A hereto at a price of 100% of the principal amount thereof on the closing date hereinafter mentioned.

3. The sale and purchase of the Series [____] Notes to be purchased by each Purchaser shall occur at the offices of Chapman and Cutler LLP, Chicago, IL 60614 at 10:00 A.M. Chicago time, at a closing (the "*Closing*") on [_____] or on such other Business Day thereafter on or prior to [_____] as may be agreed upon by the Company and the Purchasers. At the Closing, the Company and the Co-Obligor will deliver to each Purchaser the Series [____] Notes to be purchased by such Purchaser in the form of a single Series [____] Note (or such greater number of Series [____] Notes in denominations of at least \$100,000 as such Purchaser may request) dated the date of the Closing and registered in such Purchaser's name (or in the name of such Purchaser's nominee), against delivery by such Purchaser to the Company or its order of immediately available funds in the amount of the purchase price therefor by wire transfer of immediately available funds for the account of the Company, with wire instructions to be provided by the Company to the Purchaser at least three Business Days prior to the Closing date in accordance with Section 4. If, at the Closing, the Company and the Co-Obligor shall fail to tender such Series [____] Notes to any Purchaser as provided above in this Section 3, or any of the conditions specified in Section 4 shall not have been fulfilled to any Purchaser's satisfaction, such Purchaser shall, at such Purchaser's election, be relieved of all further obligations under this Supplement, without thereby waiving any rights such Purchaser may have by reason of such failure or such nonfulfillment.

4. The obligation of each Purchaser to purchase and pay for the Series [____] Notes to be sold to such Purchaser at the Closing is subject to the fulfillment to such Purchaser's satisfaction, prior to the Closing, of the conditions set forth in Section 4 of the Note Purchase Agreement (giving effect to any changes to the representations and warranties set forth in the Note Purchase Agreement effectuated by this Supplement) with respect to the Series [____] Notes to be purchased at the Closing, and to the following additional conditions:

(a) Except as supplemented, amended or superseded by the representations and warranties set forth in Exhibit A hereto, each of the representations and warranties of the Company and the Co-Obligor set forth in Section 5 of the Note Purchase Agreement shall be correct as of the date of Closing and the Company and the Co-Obligor shall have delivered to each Purchaser an Officer's Certificate, dated the date of the Closing certifying that such condition has been fulfilled.

(b) The Company and the Co-Obligor shall have consummated the sale of the entire principal amount of the Notes scheduled to be sold at the Closing pursuant to this Supplement.

5. [Insert special provisions for Series [____] Notes including prepayment provisions applicable to Series [____] Notes (including Make-Whole Amount) and closing conditions applicable to Series [____] Notes].

6. Each Purchaser represents and warrants that the representations and warranties set forth in Section 6 of the Note Purchase Agreement are true and correct on the date hereof with respect to the purchase of the Series [____] Notes by such Purchaser.

7. Subject to the terms of this Supplement, the Company, the Co-Obligor and each Purchaser agree to be bound by and comply with the terms and provisions of the Note Purchase Agreement as fully and completely as if such Purchaser were an original signatory to the Note Purchase Agreement. The execution hereof shall constitute a contract between the Company, the Co-Obligor and the Purchaser(s) for the uses and purposes hereinabove set forth, and this agreement may be executed in any number of counterparts, each executed counterpart constituting an original but all together only one agreement.

SUPPLEMENTAL REPRESENTATIONS

The Company and the Co-Obligor represent and warrant to each Purchaser that except as hereinafter set forth in this Exhibit A, each of the representations and warranties set forth in Section 5 of the Note Purchase Agreement is true and correct in all Material respects as of the date hereof with respect to the Series [_____] Notes with the same force and effect as if each reference to “Series 2017 Notes” set forth therein was modified to refer the “Series [_____] Notes” and each reference to “this Agreement” therein was modified to refer to the Note Purchase Agreement as supplemented by the [_____] Supplement. The Section references hereinafter set forth correspond to the similar sections of the Note Purchase Agreement which are supplemented hereby:

Section 5.3. Disclosure. The Company and the Co-Obligor, through their agent, [_____] has delivered to each Purchaser a copy of a Private Placement Memorandum, dated [_____] (the “*Memorandum*”), relating to the transactions contemplated by the [_____] Supplement. The Memorandum fairly describes, in all material respects, the general nature of the business and principal properties of the Company and its Subsidiaries. The Note Purchase Agreement, the [_____] Supplement, the Memorandum and the documents, certificates or other writings delivered to the Purchasers by or on behalf of the Company and the Co-Obligor in connection with the transactions contemplated by the Note Purchase Agreement and the [_____] Supplement and identified in Schedule 5.3, and the financial statements listed in Schedule 5.5 (the Note Purchase Agreement, the [_____] Supplement, the Memorandum and such documents, certificates or other writings and such financial statements delivered to each Purchaser prior to [circle date] being referred to, collectively, as the “*Disclosure Documents*”), taken as a whole, do not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which they were made; *provided, however*, with respect to projected financial information, the Note Parties represent only that such information was prepared in good faith based on assumptions believed to be reasonable at the time. Except as disclosed in the Disclosure Documents, since [last audit date], there has been no change in the financial condition, operations, business or properties of any Note Party or any Subsidiary except changes that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. There is no fact known to any Note Party that would reasonably be expected to have a Material Adverse Effect that has not been set forth herein or in the Disclosure Documents.

Section 5.4. Organization and Ownership of Shares of Subsidiaries; Affiliates. (a) Schedule 5.4 to the [_____] Supplement contains (except as noted therein) complete and correct lists of (i) the Company’s Subsidiaries, showing, as to each Subsidiary, the name thereof, the jurisdiction of its organization, the percentage of shares of each class of its Capital Stock outstanding owned by the Company and each other Subsidiary and whether such Subsidiary is a Guarantor,

EXHIBIT A
(to Supplement)

(ii) the Company's Unconsolidated Entities, other than Subsidiaries, and (iii) the Company's and the Co-Obligor's directors and executive officers.

(b) All of the outstanding shares of capital stock or similar equity interests of each Subsidiary shown in Schedule 5.4 as being owned by the Company and its Subsidiaries have been validly issued, are fully paid and non-assessable and are owned by the Company or another Subsidiary free and clear of any Lien that is prohibited by this Agreement.

(c) Each Subsidiary is a corporation or other legal entity duly organized, validly existing and, where applicable, in good standing under the laws of its jurisdiction of organization, and is duly qualified as a foreign corporation or other legal entity and, where applicable, is in good standing in each jurisdiction in which such qualification is required by law, other than those jurisdictions as to which the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each such Subsidiary has the corporate or other power and authority to own or hold under lease the properties it purports to own or hold under lease and to transact the business it transacts and proposes to transact. Each Subsidiary which is a guarantor, co-borrower or otherwise liable pursuant to any Material Credit Facility is a Guarantor (other than the Co-Obligor, which is issuing Notes hereunder with the Company).

(d) No Subsidiary is subject to any legal, regulatory, contractual or other restriction (other than the agreements listed on Schedule 5.4 and customary limitations imposed by corporate law or similar statutes) restricting the ability of such Subsidiary to pay dividends out of profits or make any other similar distributions of profits to the Company or any of its Subsidiaries that owns outstanding shares of capital stock or similar equity interests of such Subsidiary.

Section 5.13. Private Offering by the Company. None of the Note Parties nor anyone acting on its behalf has offered the Series [_____] Notes or any similar Securities for sale to, or solicited any offer to buy the _____ Notes or any similar securities from, or otherwise approached or negotiated in respect thereof with, any Person other than the Purchasers and not more than [_____] other Institutional Investors, each of which has been offered the Series [_____] Notes at a private sale for investment. No Note Party nor anyone acting on their behalf has taken, or will take, any action that would subject the issuance or sale of the Series [_____] Notes to the registration requirements of Section 5 of the Securities Act or to the registration requirements of any securities or blue sky laws of any applicable jurisdiction.

Section 5.14. Use of Proceeds; Margin Regulations. The Company and the Co-Obligor will apply the proceeds of the sale of the Series [_____] Notes as set forth under the heading ["Summary of Proposed Note Offering" of the Memorandum]. No part of the proceeds from the sale of the Series [_____] Notes under the [_____] Supplement will be used, directly or indirectly, for the

purpose of buying or carrying any margin stock within the meaning of Regulation U of the Board of Governors of the Federal Reserve System (12 CFR 221), or for the purpose of buying or carrying or trading in any Securities under such circumstances as to involve the Company in a violation of Regulation X of said Board (12 CFR 224) or to involve any broker or dealer in a violation of Regulation T of said Board (12 CFR 220). Margin stock does not constitute more than 5% of the value of the consolidated assets of the Company and its Subsidiaries and the Company does not have any present intention that margin stock will constitute more than 5% of the value of such assets. As used in this Section, the terms “margin stock” and “purpose of buying or carrying” shall have the meanings assigned to them in said Regulation U.

Section 5.15. Existing Indebtedness. (a) Except as described therein, Schedule 5.15 to the [_____] Supplement sets forth a complete and correct list of all outstanding Indebtedness of the Note Parties and their Subsidiaries as of [_____] (including a description of the obligors and obligees, principal amount outstanding and collateral therefor, if any, and Guaranty thereof, if any), since which date there has been no Material change in the amounts, interest rates, sinking funds, installment payments or maturities of the Indebtedness of the Note Parties or their Subsidiaries (other than as permitted hereunder). None of the Note Parties nor any Subsidiary is in default and no waiver of default is currently in effect, in the payment of any principal or interest on any Indebtedness, the outstanding principal amount of which exceeds \$25,000,000, of such Note Party or such Subsidiary and no event or condition exists with respect to any Indebtedness of such Note Party or any Subsidiary, the outstanding principal amount of which exceeds \$25,000,000, that would permit (or that with notice or the lapse of time, or both, would permit) one or more Persons to cause such Indebtedness to become due and payable before its stated maturity or before its regularly scheduled dates of payment.

Ladies and Gentlemen:

This First Supplement to Master Note Purchase Agreement (this "*Supplement*") is between COUSINS PROPERTIES INCORPORATED, a Georgia corporation (the "*Company*") and Cousins Properties LP, a Delaware limited partnership (the "*Co-Obligor*"), and the institutional investors named on Schedule A attached hereto (the "*Purchasers*").

Reference is hereby made to that certain Master Note Purchase Agreement dated as of April 19, 2017 (as amended, restated, supplemented or otherwise modified from time to time, the "*Note Purchase Agreement*") between the Company, the Co-Obligor and the purchasers listed on Schedule A thereto. All capitalized definitional terms not otherwise defined herein shall have the same meaning as specified in the Note Purchase Agreement. Reference is further made to Section 1.2 of the Note Purchase Agreement which requires that, prior to the delivery of any Additional Notes, the Company, the Co-Obligor and each Additional Purchaser shall execute and deliver a Supplement.

The Company and the Co-Obligor hereby, jointly and severally, agree with the Purchasers as follows:

1. The Company and the Co-Obligor have authorized the issue and sale of (i) \$125,000,000 aggregate principal amount of their 3.78% Series 2019-A Senior Notes, Tranche A, due July 6, 2027 (the "*Tranche A Notes*"), (ii) \$250,000,000 aggregate principal amount of their 3.86% Series 2019-A Senior Notes, Tranche B, due July 6, 2028 (the "*Tranche B Notes*") and (iii) \$275,000,000 aggregate principal amount of their 3.95% Series 2019-A Senior Notes, Tranche C, due July 6, 2029 (the "*Tranche C Notes*"; and together with the Tranche A Notes and Tranche B Notes, the "*Series 2019-A Notes*"). The Series 2019-A Notes, together with the Series 2017 Notes initially issued pursuant to the Note Purchase Agreement and each series of Additional Notes which may from time to time hereafter be issued pursuant to the provisions of Section 1.2 of the Note Purchase Agreement, are collectively referred to as the "*Notes*" (such term shall also include any such notes issued in substitution therefor pursuant to Section 13 of the Note Purchase Agreement). The Series 2019-A Notes shall be substantially in the form set out in Exhibit 1-A, Exhibit 1-B and

Exhibit 1-C hereto, respectively, with such changes therefrom, if any, as may be approved by the Purchaser(s), the Co-Obligor and the Company.

2. Subject to the terms and conditions hereof and as set forth in the Note Purchase Agreement and on the basis of the representations and warranties hereinafter set forth, the Company and the Co-Obligor agree to issue and sell to each Purchaser, and each Purchaser agrees to purchase from the Company and the Co-Obligor, Series 2019-A Notes in the principal amount set forth opposite such Purchaser's name on Schedule A hereto at a price of 100% of the principal amount thereof on the closing date hereinafter mentioned.

3. The execution and delivery of this Supplement shall occur on June 12, 2019. The sale and purchase of the Series 2019-A Notes to be purchased by each Purchaser shall occur at the offices of Chapman and Cutler LLP, Chicago, IL 60614 at 10:00 A.M. Chicago time, at a closing (the "*Closing*") on such day as is designated by the Company at least three (3) Business Days prior thereto, which date shall, in any event, be on or prior to August 28, 2019. At the Closing, the Company and the Co-Obligor will deliver to each Purchaser the Series 2019-A Notes to be purchased by such Purchaser in the form of a single Series 2019-A Note (or such greater number of Series 2019-A Notes in denominations of at least \$100,000 as such Purchaser may request) dated the date of the Closing and registered in such Purchaser's name (or in the name of such Purchaser's nominee), against delivery by such Purchaser to the Company or its order of immediately available funds in the amount of the purchase price therefor by wire transfer of immediately available funds for the account of the Co-Obligor, with wire instructions to be provided by the Co-Obligor to the Purchaser at least three Business Days prior to the Closing date in accordance with Section 4. If, at the Closing, the Company and the Co-Obligor shall fail to tender such Series 2019-A Notes to any Purchaser as provided above in this Section 3, or any of the conditions specified in Section 4 shall not have been fulfilled to any Purchaser's satisfaction, such Purchaser shall, at such Purchaser's election, be relieved of all further obligations under this Supplement, without thereby waiving any rights such Purchaser may have by reason of such failure or such nonfulfillment.

The Company's and the Co-Obligor's obligation to issue and sell to each Purchaser the Notes to be sold to such Purchaser at the Closing is subject to and conditioned upon the consummation of the acquisition of TIER REIT, Inc. (the "*Target*") by the Company or one or more of its Subsidiaries (the "*Acquisition*") on or before the date of the Closing. Notwithstanding anything to the contrary in this Agreement, in the event that the Agreement and Plan of Merger, dated as of March 25, 2019 (the "*Acquisition Agreement*"), by and among the Company, Murphy Subsidiary Holdings Corporation, a Maryland corporation and wholly owned subsidiary of the Company ("*Merger Sub*"), and the Target shall be terminated in accordance with its terms prior to the consummation of the Acquisition, this First Supplement shall terminate and shall forthwith become void and be of no force and effect, without any liability on the part of any party (including, without

limitation, with respect to the representations and warranties of the Company contained in this First Supplement and any and all information contained in the Memorandum or any other Disclosure Documents or otherwise), and the Purchasers, the Company and the Co-Obligor and their respective Affiliates shall each be permanently and irrevocably relieved of all obligations and liabilities under this First Supplement.

4. The obligation of each Purchaser to purchase and pay for the Series 2019-A Notes to be sold to such Purchaser at the Closing is subject to the fulfillment to such Purchaser's satisfaction, prior to the Closing, of the conditions set forth in Section 4 of the Note Purchase Agreement (giving effect to any changes to the representations and warranties set forth in the Note Purchase Agreement effectuated by this Supplement and to any changes to such conditions set forth below) with respect to the Series 2019-A Notes to be purchased at the Closing, and to the following additional conditions and changes:

(a) The condition set forth in Section 4.1 of the Note Purchase Agreement shall be deemed, for purposes hereof, to be replaced by the following: Except as supplemented, amended or superseded by the representations and warranties set forth in Exhibit A hereto, each of the representations and warranties of the Company and the Co-Obligor set forth in Section 5 of the Note Purchase Agreement (as amended by Exhibit A hereto) and the Guaranty shall be correct as of the date of Closing and the Company and the Co-Obligor shall have delivered to each Purchaser an Officer's Certificate, dated the date of the Closing certifying that such condition has been fulfilled.

(b) The Company and the Co-Obligor shall have consummated the sale of the entire principal amount of the Series 2019-A Notes scheduled to be sold at the Closing pursuant to this Supplement.

(c) The Company shall have consummated the Acquisition on or prior to the Closing, which shall be further confirmed in the Officer's Certificate delivered pursuant to part 4(a) hereof.

(d) Clause (a) of Section 4.4 of the Note Purchase Agreement shall be deemed, for purposes hereof, to be replaced by the following: "(a) from one or more counsel for the Note Parties, covering such matters as are customary for debt issuances similar to the issuance contemplated by this Supplement and are reasonably requested by such Purchaser and its counsel (and the Note Parties instruct their counsel to deliver such opinion to the Purchasers)".

(f) The reference to the “Purchaser Schedule” in Section 4.6 of the Note Purchase Agreement shall be deemed, for purposes hereof, to be replaced by the words “Schedule A to this Supplement”.

(e) The reference to “Schedule 5.5” in Section 4.9 of the Note Purchase Agreement shall be deemed, for purposes hereof, to be replaced by the words “Schedule 5.5 to this Supplement, other than in connection with the Acquisition”.

5. The provisions of Section 8 of the Note Purchase Agreement are applicable in all respects to the Series 2019-A Notes, provided that with respect to the Series 2019-A Notes, Sections 8.1 and 8.6 are replaced by the following respective sections below:

Section 8.1. Maturity. As provided therein, the entire unpaid principal balance of the Tranche A Notes, the Tranche B Notes and Tranche C Notes shall be due and payable on the Maturity Date as reflected in the first paragraph thereof.

Section 8.6. Make-Whole Amount for the Series 2019-A Notes. The term “*Make-Whole Amount*” means, with respect to any Series 2019-A Note, an amount equal to the excess, if any, of the Discounted Value of the Remaining Scheduled Payments with respect to the Called Principal of such Series 2019-A Note over the amount of such Called Principal, *provided* that the Make-Whole Amount may in no event be less than zero. For the purposes of determining the Make-Whole Amount, the following terms have the following meanings:

“*Called Principal*” means, with respect to any Series 2019-A Note, the principal of such Series 2019-A Note that is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

“*Discounted Value*” means, with respect to the Called Principal of any Series 2019-A Note, the amount obtained by discounting all Remaining Scheduled Payments with respect to such Called Principal from their respective scheduled due dates to the Settlement Date with respect to such Called Principal, in accordance with accepted financial practice and at a discount factor (applied on the same periodic basis as that on which interest on the Series 2019-A Notes is payable) equal to the Reinvestment Yield with respect to such Called Principal.

“*Reinvestment Yield*” means, with respect to the Called Principal of any Series 2019-A Note, the sum of (a) 0.50% plus (b) the yield to maturity implied by the “Ask Yield(s)” reported as of 10:00 a.m. (New York City time) on the second Business Day preceding the Settlement Date with respect to such Called Principal, on the display designated as “Page

PX1” (or such other display as may replace Page PX1) on Bloomberg Financial Markets for the most recently issued actively traded on-the-run U.S. Treasury securities (“*Reported*”) having a maturity equal to the Remaining Average Life of such Called Principal as of such Settlement Date. If there are no such U.S. Treasury securities Reported having a maturity equal to such Remaining Average Life, then such implied yield to maturity will be determined by (i) converting U.S. Treasury bill quotations to bond equivalent yields in accordance with accepted financial practice and (ii) interpolating linearly between the “Ask Yields” Reported for the applicable most recently issued actively traded on-the-run U.S. Treasury securities with the maturities (1) closest to and greater than such Remaining Average Life and (2) closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Note.

If such yields are not Reported or the yields Reported as of such time are not ascertainable (including by way of interpolation), then “*Reinvestment Yield*” means, with respect to the Called Principal of any Series 2019-A Note, the sum of (x) 0.50% plus (y) the yield to maturity implied by the U.S. Treasury constant maturity yields reported, for the latest day for which such yields have been so reported as of the second Business Day preceding the Settlement Date with respect to such Called Principal, in Federal Reserve Statistical Release H.15 (or any comparable successor publication) for the U.S. Treasury constant maturity having a term equal to the Remaining Average Life of such Called Principal as of such Settlement Date. If there is no such U.S. Treasury constant maturity having a term equal to such Remaining Average Life, such implied yield to maturity will be determined by interpolating linearly between (1) the U.S. Treasury constant maturity so reported with the term closest to and greater than such Remaining Average Life and (2) the U.S. Treasury constant maturity so reported with the term closest to and less than such Remaining Average Life. The Reinvestment Yield shall be rounded to the number of decimal places as appears in the interest rate of the applicable Series 2019-A Note.

“*Remaining Average Life*” means, with respect to any Called Principal, the number of years obtained by dividing (i) such Called Principal into (ii) the sum of the products obtained by multiplying (a) the principal component of each Remaining Scheduled Payment with respect to such Called Principal by (b) the number of years, computed on the basis of a 360-day year comprised of twelve 30-day months and calculated to two decimal places, that will elapse between the Settlement Date with respect to such Called Principal and the scheduled due date of such Remaining Scheduled Payment.

“*Remaining Scheduled Payments*” means, with respect to the Called Principal of any Series 2019-A Note, all payments of such Called Principal and interest thereon that

would be due after the Settlement Date with respect to such Called Principal if no payment of such Called Principal were made prior to its scheduled due date, *provided* that if such Settlement Date is not a date on which interest payments are due to be made under the Series 2019-A Notes, then the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued to such Settlement Date and required to be paid on such Settlement Date pursuant to Section 8.2 or Section 12.1.

“*Settlement Date*” means, with respect to the Called Principal of any Series 2019-A Note, the date on which such Called Principal is to be prepaid pursuant to Section 8.2 or has become or is declared to be immediately due and payable pursuant to Section 12.1, as the context requires.

6. Each Purchaser represents and warrants that the representations and warranties set forth in Section 6 of the Note Purchase Agreement are true and correct on the date hereof with respect to the purchase of the Series 2019-A Notes by such Purchaser. Each Purchaser further represents and warrants that:

(a) such Purchaser on the date hereof is an institutional “accredited investor” as defined in Rule 501(a) under the Securities Act. Such Purchaser, either alone or together with its representatives, has such knowledge, sophistication and experience in business and financial matters so as to be capable of evaluating the merits and risks of the prospective investment in the Series 2019-A Notes, and has so evaluated the merits and risks of such investment. Such Purchaser is able to bear the economic risk of an investment in the Series 2019-A Notes and is able to afford a complete loss of such investment; and

PURCHASER SCHEDULE
(to Supplement)

SUPPLEMENTAL REPRESENTATIONS

The Company and the Co-Obligor represent and warrant to each Purchaser that except as hereinafter set forth in this Exhibit A, each of the representations and warranties set forth in Section 5 of the Note Purchase Agreement is true and correct in all Material respects as of the date hereof with respect to the Series 2019-A Notes with the same force and effect as if each reference to “Series 2017 Notes” set forth therein was modified to refer the “Series 2019-A Notes” and each reference to “this Agreement” therein was modified to refer to the Note Purchase Agreement as supplemented by the First Supplement. The Section references hereinafter set forth correspond to the similar sections of the Note Purchase Agreement which are supplemented hereby:

Section 5.3. Disclosure. The Company and the Co-Obligor, through their agent, Morgan Stanley and Wells Fargo Securities LLC, has delivered to each Purchaser a copy of a Private Placement Memorandum, dated May 2019 (the “*Memorandum*”), relating to the transactions contemplated by the First Supplement. The Memorandum fairly describes, in all material respects, the general nature of the business and principal properties of the Company and its Subsidiaries. The Note Purchase Agreement, the First Supplement, the Memorandum and the documents, certificates or other writings delivered to the Purchasers by or on behalf of the Company and the Co-Obligor prior to May 30, 2019 in connection with the transactions contemplated by the First Supplement and identified in Schedule 5.3, and the financial statements listed in Schedule 5.5 to the First Supplement (the Note Purchase Agreement, the First Supplement, the Memorandum and such documents, certificates or other writings and such financial statements delivered to each Purchaser prior to May 30, 2019 being referred to, collectively, as the “*Disclosure Documents*”), taken as a whole, do not contain any untrue statement of a material fact or omit to state any material fact necessary to make the statements therein not misleading in light of the circumstances under which they were made; *provided, however*, with respect to projected financial information, the Note Parties represent only that such information was prepared in good faith based on assumptions believed to be reasonable at the time. Except as disclosed in the Disclosure Documents, since December 31, 2018, there has been no change in the financial condition, operations, business or properties of any Note Party or any Subsidiary of any Note Party except changes that would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. There is no fact known to any Note Party that would reasonably be expected to have a Material Adverse Effect that has not been set forth herein or in the Disclosure Documents.

Section 5.4. Organization and Ownership of Shares of Subsidiaries; Affiliates. (a) Schedule 5.4 to the First Supplement contains (except as noted therein) complete and correct lists of (i) the Company’s Subsidiaries, showing, as to each Subsidiary, the name thereof, the jurisdiction of its organization, the percentage of shares of each class of its capital stock or similar equity interests outstanding owned by the Company and each other Subsidiary and whether such

EXHIBIT A
(to Supplement)

Subsidiary is a Guarantor, (ii) the Company's Unconsolidated Entities, other than Subsidiaries, and (iii) the Company's and the Co-Obligor's directors and executive officers, in each case as of the date of the First Supplement.

(b) As of the date of the First Supplement, all of the outstanding shares of capital stock or similar equity interests of each Subsidiary shown in Schedule 5.4 as being owned by the Company and its Subsidiaries have been validly issued, are fully paid and non-assessable and are owned by the Company or another Subsidiary free and clear of any Lien that is prohibited by this Agreement.

(c) Each Subsidiary is a corporation or other legal entity duly organized, validly existing and, where applicable, in good standing under the laws of its jurisdiction of organization, and is duly qualified as a foreign corporation or other legal entity and, where applicable, is in good standing in each jurisdiction in which such qualification is required by law, other than those jurisdictions as to which the failure to be so qualified or in good standing would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. Each such Subsidiary has the corporate or other power and authority to own or hold under lease the properties it purports to own or hold under lease and to transact the business it transacts and proposes to transact. Each Subsidiary which is a guarantor, co-borrower or otherwise liable pursuant to any Material Credit Facility is a Guarantor (other than the Co-Obligor, which is issuing Notes hereunder with the Company).

(d) As of the date of the First Supplement, no Subsidiary is subject to any legal, regulatory, contractual or other restriction (other than the agreements listed on Schedule 5.4 to the First Supplement and customary limitations imposed by corporate law or similar statutes) restricting the ability of such Subsidiary to pay dividends out of profits or make any other similar distributions of profits to the Company or any of its Subsidiaries that owns outstanding shares of capital stock or similar equity interests of such Subsidiary.

Section 5.5. Financial Statements; Material Liabilities. The Note Parties have delivered to each Purchaser copies of the financial statements of the Company and its Consolidated Entities listed on Schedule 5.5 to the First Supplement. All of such financial statements (including in each case the related schedules and notes) fairly present in all material respects the consolidated financial position of the Company and its Consolidated Entities as of the respective dates specified in such Schedule and the consolidated results of their operations and cash flows for the respective periods so specified and have been prepared in accordance with GAAP consistently applied throughout the periods involved except as set forth in the notes thereto (subject, in the case of any interim financial statements, to normal year-end adjustments). As of the date of the First Supplement, the Company and its Consolidated Entities do not have any Material liabilities that are not disclosed in the Disclosure Documents.

Section 5.9. Taxes. The Note Parties and their Subsidiaries have filed all Material tax returns that are required to have been filed in any jurisdiction (taking into account any applicable extensions), and have paid all taxes shown to be due and payable on such returns and all other taxes and assessments levied upon them or their properties, assets, income or franchises, to the extent such taxes and assessments have become due and payable and before they have become delinquent, except for filings of any tax return or payment of any such any taxes and assessments (i) the amount of which, individually or in the aggregate, is not Material or (ii) the amount, applicability or validity of which is currently being contested in good faith by appropriate proceedings and with respect to which a Note Party or a Subsidiary, as the case may be, has established adequate reserves in accordance with GAAP. To the best knowledge of the Company and the Co-Obligor, there is no other tax or assessment that would, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect. As of the date hereof, the charges, accruals and reserves on the books of the Note Parties and their Subsidiaries in respect of any Material U.S. federal, state or other taxes for all fiscal periods are adequate. The U.S. federal income tax liabilities of the Note Parties and their Subsidiaries have been finally determined (whether by reason of completed audits or the statute of limitations having run) for all fiscal years up to and including the fiscal year ended December 31, 2017.

Section 5.13. Private Offering by the Company. None of the Note Parties nor anyone acting on their behalf has offered the Series 2019-A Notes or any similar Securities for sale to, or solicited any offer to buy the Series 2019-A Notes or any similar Securities from, or otherwise approached or negotiated in respect thereof with, any Person other than the Purchasers and not more than 80 other Institutional Investors, each of which has been offered the Series 2019-A Notes at a private sale for investment. No Note Party nor anyone acting on their behalf has taken, or will take, any action that would subject the issuance or sale of the Series 2019-A Notes to the registration requirements of Section 5 of the Securities Act or to the registration requirements of any Securities or blue sky laws of any applicable jurisdiction.

Section 5.14. Use of Proceeds; Margin Regulations. The Company and the Co-Obligor will apply the proceeds of the sale of the Series 2019-A Notes as set forth under the heading “Summary of Proposed Offering/ Use of Proceeds” of the Memorandum. No part of the proceeds from the sale of the Series 2019-A Notes under the First Supplement will be used, directly or indirectly, for the purpose of buying or carrying any margin stock within the meaning of Regulation U of the Board of Governors of the Federal Reserve System (12 CFR 221), or for the purpose of buying or carrying or trading in any Securities under such circumstances as to involve the Company in a violation of Regulation X of said Board (12 CFR 224) or to involve any broker or dealer in a violation of Regulation T of said Board (12 CFR 220). Margin stock does not constitute more than 5% of the value of the consolidated assets of the Company and its Subsidiaries and the Company does not have any present intention that margin stock will constitute more than 5% of the value of such

assets. As used in this Section, the terms “margin stock” and “purpose of buying or carrying” shall have the meanings assigned to them in said Regulation U.

Section 5.15. Existing Indebtedness. (a) Except as described therein, Schedule 5.15 to the First Supplement sets forth a complete and correct list of all outstanding Indebtedness of the Note Parties and their Subsidiaries as of March 31, 2019 (including descriptions of the obligors and obligees, principal amounts outstanding, any collateral therefor and any Guarantee thereof), since which date there has been no Material change in the amounts, interest rates, sinking funds, installment payments or maturities of the Indebtedness of the Note Parties or their Subsidiaries (other than as permitted hereunder). None of the Note Parties nor any Subsidiary is in default and no waiver of default is currently in effect, in the payment of any principal or interest on any Indebtedness, the outstanding principal amount of which exceeds \$25,000,000, of such Note Party or such Subsidiary and no event or condition exists with respect to any Indebtedness of such Note Party or any Subsidiary, the outstanding principal amount of which exceeds \$25,000,000, that would permit (or that with notice or the lapse of time, or both, would permit) one or more Persons to cause such Indebtedness to become due and payable before its stated maturity or before its regularly scheduled dates of payment.

Section 1.19. REIT Status. As of the date of the First Supplement, the Company has no Consolidated Entities other than those specifically disclosed in Part (a) of Schedule 5.19 and had no material equity investments in any other Unconsolidated Entity or Investment Entity other than those specifically disclosed in Part (b) of **Schedule 5.19**. The Company qualifies as a REIT.
